Return Reference	Explanation
Part X : FIN48 Footnote	The Organization has elected to be taxed as a Not-For-Profit under the Internal Revenue Code of 1986, as amended the Code. A Not-For-Profit will generally not be subject to federal and state income taxation on that portion of its income that qualifies under its designation. The Organization follows a two-step approach for evaluating uncertain tax positions. Recognition step one occurs when an enterprise concludes that a tax position, based solely on its technical merits, is more-likely-than-not to be sustained upon examination. Measurement step two determines the amount of benefit that more-likely-than-not will be realized upon settlement. De-recognition of a tax position that was previously recognized would occur when a company subsequently determines that a tax position no longer meets the more-likely-than-not threshold of being sustained. The use of a valuation allowance as a substitute for de-recognition of tax positions is prohibited. The Organization has not identified any uncertain tax positions.
