Check if your organization is covered by the **General Rule** or a **Special Rule**.  
**Note:** Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

General Rule

☐ For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or other property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

☐ For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33<sup>1</sup>/<sub>3</sub>% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990 or 990-EZ), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of **(1)** \$5,000 or **(2)** 2% of the amount on (i) Form 990, Part VIII, line 1h, or (ii) Form 990-EZ, line 1. Complete Parts I and II.

☐ For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 *exclusively* for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Don't complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year . . . . . ▶ \$ \_\_\_\_\_

**Caution:** An organization that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990, 990-EZ, or 990-PF), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990PF, Part I, line 2, to certify that it doesn't meet the filing requirements of Schedule B (Form 990, 990-EZ, or 990-PF).

| Part I, Line 2:  | Competitive funding requests follow a request for proposals (RFP) process. Prospective grantee organizations submit grant applications in response to RFPs outlining the purpose of the grant, the population to be served, and the expected outcomes. Staff review the proposal package to determine the merits of the application in order to make a recommendation. All recommendations are then presented to the CEO for consideration and approval. Recommended funding requests over \$250,000 are also presented to the board for review, with the board providing final approval on those above \$500,000. If approved by either the CEO or the board, the funding request is awarded. Upon award, the grant management office prepares the grant agreement that includes the purpose of the grant, the grant conditions and the grant payment schedule. The grantee organization must accept the grant by executing and returning the grant agreement to The Chicago Community Trust. Once received, payments are initiated by the grant management office based on the payment schedule and provided that all grant conditions are met. At the conclusion of the grant period, the grantee submits a final report describing the use of the grant and the outcomes. Donor advised grant recommendations are submitted by the advisor of the fund to the Trust. The grant management office conducts due diligence on each recommendation which includes carefully vetting the grantee organization for 501(c)(3) status, charity, and other legal requirements. Once due diligence is completed, the recommended grants are validated and authorized for payment by the grant management office. The Chicago Community Trust also awards grants through a designated grantmaking process. This process allows donors to direct funding to specific charitable organizations. The grant management office conducts due diligence on each recommendation which includes carefully vetting the grantee organization for 501(c)(3) status, charity, and other legal requirements. Once due diligence is completed, the recommended grants are validated and authorized for payment by the grant management office. |

| Part I, Line 3   | The performance and compensation of the President and CEO is reviewed annually by the Board of Directors, based on recommendation from the Governance and Advocacy Committee. As part of the process, the committee conducts a performance review of the President and CEO with input from all board members. During that time, the committee reviews the compensation and merit increase of the President and CEO. The Governance and Advocacy Committee reports the results of the performance review and their recommendation to the full Board of Directors during an executive session at the last committee meeting of the fiscal year. After review and discussion, the board of directors approves the compensation package for the President and CEO. In addition to the annual process, the Budget and Compensation Committee reviews various survey data and other comparable compensation data for similar positions every three years. |
| Part I, Line 7   | The President received a performance-based incentive bonus, which is included in Part II, column B (ii).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

At the Trust, we believe people are our region's greatest asset. When everyone is contributing to and benefiting from our economy, our region will thrive. As a community foundation, the Trust is committed to addressing challenges that stand in the way of a thriving Chicago region where everyone has opportunities. As part of that mission, the Trust supports meeting people's critical needs such as secure housing and healthy food, public safety, and regional response to crises such as COVID-19. We also know that our region's wealth gap is a major contributing factor to issues such as health disparities, gun violence, and uneven economic growth. We are committed to reducing this gap so that our region and its residents can meet their potential. In 2024, the Trust continued its commitment to strengthening the Chicago region by meeting residents' immediate needs, addressing the root causes of deep-seated issues, and working toward a day when every Chicagoan has enough wealth to care for their family and invest in their future. Key accomplishments in fiscal year 2024 In fiscal year 2024, the Trust's staff and Executive Committee completed a strategic refinement with more precise and measurable program goals. In FY2024, the Trust made 347 competitive grants to 272 organizations totaling \$56.8 million to advance its strategic priorities. Much of this work focused on communities suffering from high rates of poverty and a lack of wealth. These figures include grants made through We Rise Together: For a Just &amp; Economic Recovery, Elevated Chicago, Connecting Capital and Community, Chicagoland Workforce Funders Alliance, and Fund for Equitable Business Growth, funder collaboratives housed at the Trust. It also includes grants by Bridges to Brighter Futures funded by the Searle Funds at The Chicago Community Trust. The following are some highlights of how this year's grantmaking embraced the Trust's aim to be a changemaker, addressed equitable economic recovery from the pandemic, and advanced strategic priorities. Household Wealth In FY24, this portfolio made 99 grants totaling \$19.3 million. The Trust and Searle-funded Bridges to Brighter Futures made 87 grants totaling \$14.9 million to support postsecondary and career pathways and grow income. The Trust made 12 grants totaling approximately \$4.4 million to support housing development, housing counseling, and the creation of new loan products. Connecting Capital and Community (3C) is a funder collaborative housed at the Trust. Its 2024 grantmaking secured 76 vacant lots and completed six new homes. 3C's "Make This the Year" marketing campaign increased home buyer awareness in East Garfield Park and Humboldt Park, leading to 16 new homeowners. It also piloted two \$1 million experimental loan pools: one for buyers and one for developers. Fund for Equitable Business Growth, a funder collaborative housed at the Trust, made 12 grants totaling \$1.3 million to Business Support Organizations serving small businesses. Grant recipients engage in partnerships that improve and expand access to capital and provide specialized business consultation services and other support for entrepreneurs in the Chicago region. Chicagoland Workforce Funder Alliance (CWFA) is a funder collaborative housed at the Trust. Since 2012, CWFA has become the region's major convener of the philanthropic community interested in workforce development and employment. In 2024, CWFA made seven grants totaling approximately \$600,000 to support workforce development systems change initiatives, including within the human services and early childhood sectors. Community Wealth The Trust's Community Wealth strategy aims to increase neighborhood investment by prioritizing funding for community-led initiatives designed to transform underinvested communities suffering from high rates of poverty, preserve residents' stakes in gentrifying areas, and ensure assets benefit current and future residents. In FY24, this portfolio - including Searle Funds through Food:Land:Opportunity and We Rise Together - funded 78 unique grant recipients through 98 grants totaling \$19.8 million. The Pre-Development Fund (PDF) is a first-of-its-kind program launched in 2020. In 2024, a survey of PDF-funded projects found five are completed and open (four of which also received We Rise Together grants), four are under construction, and seven plan to start construction within the first half of 2025. Collective Power The Trust's Collective Power strategy amplifies marginalized voices, supports mediums that elevate community stories and counter harmful narratives, and empowers residents to ensure that those most affected lead neighborhood transformation, policy and practice change, and civic efforts. In FY24, this portfolio made 54 grants totaling \$5.5 million. This included funding for the Trust's affinity funds, leadership development, Press Forward Chicago. The Trust spearheads Press Forward Chicago, the local affiliate of a national initiative led by the MacArthur Foundation to raise unprecedented funds to revitalize local news. Through the initiative, donors work together to support the experimentation and learning that will yield scalable solutions to the local news crises. In 2024, Press Forward Chicago awarded \$1.6 million in capacity-building grants to 13 local news organizations across the region. Policy Change The Trust's Policy Change strategy prioritizes advocacy for policy reform that advances increasing household wealth, building community wealth, and addressing Chicagoans' critical needs. This includes stabilizing housing for people who are unhoused or struggling to keep it, putting residents on a pathway to sustainable homeownership and successful employment, and driving public and private investment into underinvested communities suffering from high rates of poverty. The FY2024 Advancing Equitable Wealth Policy funding program supported both individual organizations and coalitions that are creating the conditions to advance meaningful policy reforms. The Trust also successfully advocated for the Illinois Child Tax Credit (CTC), designed for taxpayers who qualify for the Illinois Earned Income Credit and have at least one dependent child who is under the age of 12. Critical Needs The Trust's Critical Needs strategy supports programs and services that help Chicagoans meet their basic needs to achieve economic stability and security, including housing, food and nutrition, and other human services. As it has since it was founded, the Trust also steps up in the face of unanticipated and ongoing crises, such as the COVID-19 pandemic and, gun violence, in partnership with philanthropic, government, corporate, and civic actors. In FY24, this portfolio provided 72 grants totaling \$7 million to support community safety, homelessness prevention, and other services addressing resident's critical needs. The Trust launched Sustainable Solutions for Housing Stability to support nonprofits working to increase housing stability for underserved populations. We granted more than \$2.375 million to 26 organizations. In 2024, the Trust committed \$2.5 million to Scaling Community Violence Intervention for a Safer Chicago (SC2), a public-private collaboration to expand promising and proven solutions to gun violence to scale in Chicago communities most at risk. Since the Great Recession, the Unity Fund at the Trust has raised more than \$20 million for our region's critical needs. Contributions to the Unity Fund in 2024 allowed the Trust to grant \$2 million to 22 nonprofits focused on preventing homelessness and other critical services. We Rise Together: For an Equitable &amp; Just Recovery We Rise Together: For an Equitable &amp; Just Recovery, a funder collaborative led by the Trust, is working to strengthen local neighborhood economies to support a strong region for all. In 2024, We Rise Together invested \$8.925 million through 18 grants to community-driven real estate projects, workforce development, and support for local businesses. | Form 990, Part VI, Section B, line 12c | The General Counsel & Secretary requests annually a written list from members of the executive committee and nonmembers of the executive committee who serve on committees of the executive committee, and key staff members that asks members to disclose the corporations, partnerships, proprietorships and other business enterprises of which the member or his or her spouse or legal partner is an officer, director, partner or substantial stockholder or owner and which have or might reasonably be expected to have business or financial dealings with the Chicago Community Trust. In circumstances where a possible business or financial conflict arises, the member of the committee should disclose the possible conflict at the meeting at which the action or business dealing is considered and shall abstain from voting. In addition, each member also submits a list of the tax-exempt, charitable and educational agencies of which the member or his or her spouse or legal partner is an officer, director trustee or employee. Based on such lists, the grant resolution sent to the executive committee would disclose the existence of any interrelationship.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| Form 990, Part VI, Section B, line 15  | The performance and compensation of the President and CEO (of the Chicago Community Trust) is reviewed annually by the Board of Directors, based on recommendation from the Governance and Advocacy Committee. As part of the process, the committee conducts a performance review with input from all board members. During that time, the committee reviews the compensation and merit increase of the President and CEO. The Governance and Advocacy Committee reports the results of the performance review and their recommendation to the full Board of Directors during an executive session at the last committee meeting of the fiscal year. After review and discussion, the board of directors approves the compensation package for the President and CEO. In addition to the annual process, the Budget and Compensation Committee reviews various survey data and other comparable compensation data for similar positions every three years. In addition to reviewing the annual compensation of the President and CEO, the Budget and Compensation Committee of the Trust reviews the annual compensation of all officers and key employees by salary grade every three years, comparing compensation with relevant comparable survey and compensation data.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
