Part IX-A Summary of Direct Charitable Activities

List the foundation's four largest direct charitable activities during the tax year. Include relevant statistical information such as the number of organizations and other beneficiaries served, conferences convened, research papers produced, etc.	Expenses
1 Free and Fair Elections ProgramVoting is the single most significant way Americans exercise our political power. Every eligible citizen should have an equal opportunity to participate in elections that are free and fair, as well as efficient and secure. Implementing accessible and trustworthy elections is an immense undertaking, but the American election system is also challenged by persistent barriers to voting for historically excluded communities and beset by unprecedented new threats. Our Elections program works toward a strong and modern voting system that increases voter confidence and engagement.	3,230,763
2 Effective, Representative, and Accountable Governance ProgramAmerican democracy depends on a government that represents the interests of the people in all of our diversity - one that is prepared to act on our behalf and that is held accountable when it does not. However, extreme polarization limits our ability to achieve shared priorities. Partisan politics and significant institutional decline have led to government dysfunction and gridlock. Our Governance program promotes the principled leadership and strong institutions our governing system needs to act in the interests of the American people.	2,396,169
3 Vibrant and Diverse Public Square ProgramNo matter where they live or who they are, Americans should be able to get the news and information they need to engage in civic life and to use their voices without fear of being harassed or silenced. The rapidly evolving media landscape presents new challenges and opportunities for our communities. Our Public Square program responds by supporting trustworthy local news and investigative reporting, more equitable newsrooms, press freedom, community engagement, and digital spaces that advance democracy, not hate.	2,179,557
4 Just and Inclusive Society ProgramJust and Inclusive Society is a special project that brings diverse organizations and groups together to work for a common good, create safe and secure communities, decrease polarization, develop a sense of shared identity, and defend Constitutional norms under attack.	932,046
