Return Reference	Explanation
Part X, Line 2:	The organization accounts for income taxes in accordance with the ASC topic income taxes. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's consolidated financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The organization performed an evaluation of uncertain tax positions for the years ended December 31, 2024, and 2023, and determined that there were no matters that would require recognition in the consolidated financial statements or that may have an effect on its tax-exempt status. As of December 31, 2024, the statute of limitations for fiscal years 2021 through 2023 remains open with the U.S. federal jurisdiction. It is the organization's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in unrelated business income tax expense.
