Form 990, Part III, Line 4a: Conservation and Restoration of Imperiled	Biodiversity in North America: (continued) technology development and conservation activities in the field. Our work is aimed at the prevention of species and habitats from becoming imperiled, the protection of endangered and threatened species and their habitats, and the restoration of the health of vulnerable species and their habitats. We are known for our innovative and pragmatic responses to a constantly changing political, economic and social environment. Our staff of scientists, wildlife policy experts, lobbyists, communications experts, and attorneys work in the halls of Congress, state legislatures, the courts, and local communities, and in numerous Defenders field offices across the country. We develop and advocate for innovative "up-stream" management solutions for public and private lands that encourage conservation of entire ecosystems and interconnected habitats. In addition, Defenders is the sponsor of a new television series, Wildlife Nation, hosted by Jeff Corwin, which showcases biodiversity conservation initiatives and partnerships tied directly to the organization's conservation mission. We emphasize collaboration with other groups as a means of bringing to bear as much collective influence as possible on policymakers and processes which are often subjected to relentless pressure from special interests. The shared goal of all of our activities is to make Defenders the nation's most effective champion of imperiled wildlife in an era of climate change and habitat loss, leading the way in meeting the challenges and seizing the opportunities that tomorrow presents to leave a rich and diverse natural legacy for future generations.
Form 990, Part III, Line 4b: Mobilization of a Broader Constituency for	Wildlife Conservation: (continued) partnerships to an expanding constituency. Our educational outreach projects include: providing the public with up-to-date information on wildlife and habitat protection issues; maintaining an activist network and alerting activists to contact elected officials on key wildlife conservation issues; and providing information to students and teachers on wildlife issues. We also reach the public by briefing the local and national media on important wildlife topics, by producing high quality video and radio public service announcements on protecting America's wildlife and public lands and engaging supporters on our social network channels and through our daily blog. Defenders of Wildlife's website and social media platforms offer extensive information on wildlife species and related conservation issues. The website, www.defenders.org , serves as a resource for learning more about wildlife, understanding current policy issues, and getting involved.
Form 990, Part VI, Section B, line 11b	The Audit Committee meets with staff and auditors to review the draft 990 and address any Committee member comments. The staff then sends the draft 990 to all Board Members prior to finalization and submission of the 990 to the IRS.
Form 990, Part VI, Section B, line 12c	The Organization annually requests completion of the conflict of interest form. The Board of Directors will take action, as deemed necessary, to address any potential conflicts.
Form 990, Part VI, Section B, line 15a	For the President's salary, Human Resources independently collects salary survey information from other not-for-profit's as well as other Green groups and compiles findings. These findings are provided to the Organization's Executive Committee that then holds a closed door conference to establish the president's salary.
Form 990, Part VI, Section C, line 19	The Organization's governing documents, conflict of interest policy, and financial statements are available to the public upon request.
Form 990, Part IX, line 11g	Other professional services: Program service expenses 4,613,727. Management and general expenses 73,223. Fundraising expenses 23,023. Total expenses 4,709,973.
