Return Reference	Explanation
Part V, Line 4:	The purpose is to provide support in meeting the operating and program needs of the Foundation.
Part X, Line 2:	As of June 30, 2023 the Foundation has reviewed its tax positions and has concluded no reserve for uncertain tax positions is required. In the opinion of management, there is no unrelated business income subject to income taxes. The Foundation uses a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return. A tax position is recognized as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded. For the year ended June 30, 2023 management has determined that the Foundation does not have any tax positions that result in any uncertainties regarding the possible impact on the Foundation's financial statements. The Foundation's exempt organization information returns are subject to review through three years after the date of filing for federal and four years after the date of filing for state.
