Grantmaker's Description of How Grants are Used	Grant proposals are researched by program staff who then make recommendations for funding to the Board of Directors. All grants are approved by the Board of Directors at periodic board meetings, or by a subset of board members via a discretionary process for smaller grants (those between \$15,000 and \$25,000), or by an appointed set of board members under specific rules and conditions for grants above \$25,000. Additionally, the president of Ploughshares Fund is authorized to make grants through the President's Fund as approved by the board. The parameters and process for utilizing this authority are as follows: 1) the total amount available to the president each fiscal year is \$600,000; 2) the cap for each grant is \$100,000; 3) the cap between each board meeting is \$200,000; 4) the president must secure approval from two additional board members and the board chair for President's Fund investments, as well as consult with program staff prior to seeking board member approval; 5) funds awarded under this process are counted against the annual grantmaking budget and are considered grants. Grants in amounts under \$15,000 are made by staff with delegated authority. Each grantee signs a grant agreement which includes the description of the project being funded, the amount of funding, duration of the grant, deliverables to be produced by the grantee and reporting requirements. The grantees signature is acceptance of the terms of the agreement. Following the end of the grant period, the grantee is required to furnish a thorough grant report that includes financial statements detailing how the grant was spent. Program staff reviews grant reports to ensure that funds were applied to the appropriate activities and that the entire amount was expended properly. Any unspent funds are required to be returned to Ploughshares Fund. Any future grants are conditional upon receipt of a grant report acceptable to program staff.
