Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III

☐

1 Briefly describe the organization’s mission:

Sustainable Conservation (the organization) partners with business, agriculture and government to find practical ways to protect California’s land, air, and water through collaboration. The organization’s work has spanned rural and urban environmental issues, ranging from improving water quality in dairy farming, to promoting the growing and selling of non-invasive plants in California’s horticultural industry, to partnering with farmers in California’s San Joaquin Valley on regional solutions for ensuring adequate groundwater supplies. The organization works with farmers to identify ways that producers can protect the environment, improve their bottom lines, and keep their land in production. The organization also works to overcome the time, complexity, and cost associated with habitat restoration projects on public and private land. Lastly, the organization works with business and regulatory agencies to ensure a more sustainable water supply for farming and communities.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ?

☐ Yes ☒ No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services?

☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

4 Describe the organization’s program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 1,481,890 including grants of \$) (Revenue \$ 331,980)

WATER MANAGEMENT: California faces big challenges when it comes to our water supplies. Our limited and less reliable fresh water is being stretched to meet the needs of the environment and growing urban and farming demands, while our groundwater supplies are steadily declining. Sustainable Conservation advances promising practices, incentives and policies to help achieve long-term water sustainability in California. Our efforts mean reliable, affordable and clean water for irrigating the crops that feed the nation, healthy communities, and vibrant waterways that support diverse wildlife.

4b (Code:) (Expenses \$ 795,226 including grants of \$) (Revenue \$)

ACCELERATING RESTORATION: California boasts iconic plants and animals, some found nowhere else on the planet, but more than 350 of these species and their habitats are threatened because weve significantly altered the states landscapes. This includes the destruction of 90% of Californias riparian forests and ongoing pollution in a vast majority of waterways. The good news is that all Californians, from private landowners to conservation groups to public agencies, can do a lot to restore these damaged places. We make it easier to restore our vital natural resources in a changing climate by partnering with government, NGOs and other restoration proponents to develop regulatory and policy incentives that accelerate the pace and scale of habitat restoration statewide. Our efforts help revive degraded waterways to boost clean water and habitat, and bring struggling species back from the brink.

4c (Code:) (Expenses \$ 593,057 including grants of \$) (Revenue \$)

DAIRIES: California is an agriculture powerhouse, but feeding the nation means we also face challenges when it comes to keeping our vital drinking water supplies clean, our communities healthy and our groundwater supplies sustainable. The states dairy industry is key to our vibrant economy, and dairy producers need help finding economical ways to manage their resources that also protect the environment. Sustainable Conservation advances new approaches to producing food that boost clean water and support healthy communities all while building healthier soils and bolstering the resiliency of Californias farming regions.

4d Other program services (Describe in Schedule O.)

(Expenses \$ 6,143 including grants of \$) (Revenue \$ 52)

4e Total program service expenses ► 2,876,316
