## **INDEPENDENT AUDITORS' REPORT**

The Board of Directors  
The Greater Baton Rouge Food Bank  
Baton Rouge, Louisiana

### **Report on Financial Statements**

We have audited the accompanying financial statements of The Greater Baton Rouge Food Bank (a not-for-profit Organization) which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities and changes in net assets, functional expenses by nature and class, and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Greater Baton Rouge Food Bank as of December 31, 2018 and 2017, and the respective changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

As discussed in Note 1 to the financial statements, The Greater Baton Rouge Food Bank adopted Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

### **Report on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of compensation, benefits and other payments to Chief Executive Officer included on page 24 is presented for purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### **Other Reports Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued a report, dated June 25, 2019, on our consideration of the Organization's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Activities**

The Greater Baton Rouge Food Bank (the Food Bank or the Organization) is a not-for-profit organization that gathers, stores, and redistributes food to charitable organizations and churches that serve the needy. Food sources include donations from individuals, corporations, Federal Emergency Management Agency (FEMA); purchased food; and the U.S. Department of Agriculture (USDA) Commodities program.

Due to heavy rainfall and severe storms in Louisiana between August 12 and August 15, 2016, record flooding throughout East Baton Rouge Parish endangered the lives of Louisianans and inflicted heavy damage to public and private property, including The Food Bank. The Food Bank's building received flood water that reached four or more feet in height, damaging the building and destroying its contents and fixed assets. See note 14.

**Basis of Presentation**

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). The Food Bank is required to report information regarding its financial position and activities according to the following net asset classifications:

**New Accounting Pronouncements Adopted**

On August 18, 2016, FASB issued ASU 2016-14, *Not-for-Profit Entities* (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Food Bank has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Food Bank's management and the board of directors.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Food Bank or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

**THE GREATER BATON ROUGE FOOD BANK**  
**(A NOT-FOR-PROFIT ORGANIZATION)**  
**BATON ROUGE, LOUISIANA**

**NOTES TO FINANCIAL STATEMENTS**

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates. Significant estimates have been applied in the determination of donated food values and depreciation in preparation of the accompanying financial statements.

**Property and Equipment**

Property and equipment are stated at cost. Additions, renewals, and betterments that extend the useful life of the assets are capitalized. Maintenance and repair expenditures are expensed as incurred. Provisions for depreciation and amortization are computed using the straight-line method over the assets' useful lives, which range from 3 to 39 years.

**Revenue Recognition and Promises to Give**

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Grants receive the same accounting treatment as contributions, if the grant activity is to be planned and carried out by the Organization and the Organization has the right to the benefits of carrying out the activity.

Management has evaluated Promises to Give and does not believe an allowance is necessary at December 31, 2018 or 2017.

**Income Taxes**

The Organization has been recognized by the Internal Revenue Service as a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes. The Organization had unrelated business taxable income of \$26,000 and \$24,000 related to rental income for the years ended December 31, 2018 and 2017, respectively. The Organization filed Form 990T in relation to this business income, however, no material amount of income tax was paid due to the related expenses that were deductible from the income. Accordingly, no provision for income taxes on related income has been included in the financial statements for December 31, 2018 or 2017.

**NOTES TO FINANCIAL STATEMENTS**

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Income Taxes** (continued)

In Management's judgment, the Food Bank does not have any tax positions that would result in a loss contingency considering the facts, circumstances, and information available at the reporting date.

**Food Inventory - Donated and Purchased**

Food inventory, predominately donated, including food received, distributed and undistributed, is valued using the estimated fair value as determined by the Feeding America Product Valuation Survey prepared by KPMG, LLP on an annual basis. The report provides the average wholesale value of products donated to the network and is considered to be a reasonable basis upon which to estimate these amounts. The average wholesale value used for the years ended December 31, 2018 and 2017, was \$1.68 and \$1.73 per pound, respectively. The Food Bank receives donated Meals Ready to Eat (MRE's) periodically. MRE's are valued using available market prices (fair value) for meals with a similar test by date. The average fair value at December 31, 2017 was \$60. All MRE's were distributed during the year ended December 31, 2017. Donated food inventory received is recorded as net assets without donor restrictions at an amount equal to the determined value in accordance with the aforementioned guidelines. Purchased food inventory is recorded at cost. The Food Bank also received donated food from FEMA which is recorded at a price provided by FEMA which approximates fair value.

**Food Inventory - Commodities**

The Food Bank records commodities inventory as determined by the commodities price listing produced by the Louisiana Department of Agriculture and Forestry. Commodities inventory received is recorded as net assets without donor restrictions at an amount equal to the determined value in accordance with the aforementioned guidelines. During the years ended December 31, 2018 and 2017, the food product prices averaged \$1.03 per pound and \$.99 per pound, respectively.

**Investments**

Investments are carried at net asset value (NAV) of units held by the Food Bank at year end. The change in fair value is recognized as a component of investment income.

**Cash and Cash Equivalents**

Cash and cash equivalents include all monies in banks and highly liquid investments with original maturities of less than three months. Restricted cash represents amounts held by the Organization with donor-imposed restrictions.

**NOTES TO FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Other Receivables**

The Food Bank determines past-due accounts based on contractual terms and does not charge interest on the accounts. Receivables consist primarily of amounts due from various grants. The Food Bank charges off receivables if management considers the collection of the outstanding balance to be doubtful. Management does not believe an allowance is necessary at December 31, 2018 or 2017.

**Donated Services and Materials**

A significant portion of the Food Bank's functions are conducted by unpaid volunteers. The value of the contributed time is not reflected in the financial statements since the services do not meet the criteria for recognition under accounting principles generally accepted in the United States of America.

Donated materials are reflected as contributions in kind and supporting services on the accompanying financial statements of activities and statements of functional expenses at their estimated fair market values at the date of receipt. Various materials were donated to the Food Bank to help aid in their mission. These materials were valued at approximately \$80,000 and \$94,000 for the years ended December 31, 2018 and 2017, respectively. The amount at December 31, 2018, consisted mainly of donated professional services of \$35,000. The amount at December 31, 2017, consisted mainly of donated software of \$80,000.

**Accounting pronouncements issued but not yet adopted**

The Financial Accounting Standards Board (FASB) has issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, to update its revenue recognition standard to clarify the principles of recognizing revenue and eliminate industry-specific guidance as well as help financial statement users better understand the nature, amount, timing, and uncertainty of revenue that is recognized. The standard may be applied either retrospectively to each period presented or as a cumulative-effect adjustment as of the date of adoption. This standard will be effective for annual periods beginning after December 15, 2018.

In February 2016, the FASB issued ASU 2016-02, *Leases*. This accounting standard requires lessees to recognize assets and liabilities related to lease arrangements longer than 12 months on the balance sheet as well as additional disclosures. In July 2018, the FASB issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*, to simplify the lease standard's implementation. The amended guidance relieves businesses and other organizations of the requirement to present prior comparative years' results when they adopt the new lease standard. Instead of recasting prior year results using the new accounting when they adopt the guidance, companies can choose to recognize the cumulative effect of applying the new standard to leased assets and liabilities as an adjustment to the opening balance of retained earnings. The standard is effective for annual periods beginning after December 15, 2019.

**NOTES TO FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Accounting pronouncements issued but not yet adopted** (continued)

In June 2018, the FASB issued ASU No. 2018-08 “*Not-for-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*” to clarify and improve the scope and the accounting guidance for contributions received and contributions made.

The amendments in this ASU should assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of *Topic 958, Not-for-Profit Entities*, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. This ASU will be effective for years ending June 30, 2020.

The Food Bank is currently assessing the impact of these pronouncements on its financial statements.

**Reclassifications**

Certain reclassifications have been made to the 2017 financial statements in order for them to be consistent with the 2018 presentation.

**2. AVAILABILITY AND LIQUIDITY**

The following represents the Food Bank’s financial assets at December 31, 2018 and 2017:

Financial assets at year end:	2018	2017

**5. NOTES PAYABLE**

The Organization received \$500,000 as part of a loan agreement with the Office of Community Development during the year ended December 31, 2013, which was used for the rehabilitation of the new office and warehouse. This is a principal only loan with a term of 5 years fixed amortization. Beginning in 2014, an amount equal to one fifth of the total amount of this loan is forgiven annually. During the years ended December 31, 2018 and 2017, respectively, \$100,000 was forgiven on the loan.

The Organization also received an additional \$500,000 repayable loan with the Office of Community Development during the year ended December 31, 2014. This is a principal only loan which is also for the rehabilitation of the new office and warehouse. Therefore, interest was imputed at a rate of 4%. In 2014, the present value of the note payable was \$405,545. Interest expense of \$9,445 was recorded for the years ended December 31, 2018 and 2017. The loan is due over a 10-year period with the first payment to be due ninety days after the expiration of the agreement which was December 31, 2013, or March 31, 2014. Payments totaling approximately \$46,000 were made for the year ended December 31, 2017. No payments were made for the year ended December 31, 2018 in anticipation of the note being forgiven which occurred on February 27, 2019. See Note 15.

A summary of long-term debt as of December 31<sup>st</sup> is as follows:

	<u>2018</u>	<u>2017</u>

**6. VEHICLE LEASES**

The Food Bank leases delivery trucks for food distribution.

*Operating Leases*

An operating lease was entered into in April 2016, but the truck was not put into service until October 2016. The lease has a term of 54 months with a fixed monthly charge of \$1,545. Rental expense for the leases which includes the fixed monthly charge plus mileage was \$34,068 and \$39,100 for the years ended December 31, 2018 and 2017, respectively.

The operating lease requires annual rental payments as follows:

2019	\$ 18,540
2020	18,540
2021	<u>4,635</u>
	<u>\$ 41,715</u>

*Capital Leases*

On January 3, 2017, the Food Bank entered into five capital lease agreements each with a term of 84 months. The trucks were put into service on dates ranging from May 2017 to July 2017. The leases are to be paid in monthly installments ranging from \$1,740 to \$1,840 per month. The total lease obligation and cost included in fixed assets for the capital leases was \$643,801 at both December 31, 2018 and 2017. Lease obligation principal payments totaled \$83,476 and \$52,783 for the years ended December 31, 2018 and 2017, respectively. Accumulated depreciation for these assets was \$249,637 and \$91,972 as of December 31, 2018 and 2017, respectively.

Thereafter		<u>36,603</u>
		564,603
Less: interest		<u>( 57,061)</u>
Total capital lease obligation		<u>\$ 507,542</u>

**7. RETIREMENT PLAN**

The Food Bank has a qualified Internal Revenue Code Section 403(b) annuity plan. The Plan covers all employees who have completed at least three months of service. The Food Bank is obligated to match up to 50% of an employee's deferred amount, up to 10% of their pay. The Food Bank has the option to match up to 100% in any one year. The Food Bank contributed \$23,785 and \$24,661 to this Plan during the years ended December 31, 2018 and 2017 respectively.

**8. INVESTMENT INCOME**

The Food Bank has cash in money market accounts and pooled separate accounts held by BRAF that pay interest. Investment income (loss) on investments was comprised of the following:

	<u>2018</u>	<u>2017</u>
Net unrealized (loss) gains on endowment fund	(\$ 64,256)	\$ 129,038
Dividend and interest	41,469	35,260
Investment fees	<u>( 14,565)</u>	<u>( 13,271)</u>
	<u>(\$ 37,352)</u>	<u>\$ 151,027</u>

**9. FUNCTIONAL ALLOCATION OF EXPENSES BY NATURE AND CLASS**

The costs of providing the various programs and activities have been summarized on a functional basis in the statements of activities and functional expenses. Accordingly, certain costs have been allocated by management among the programs and supporting services benefited. The method of allocation for depreciation, interest expense, waste disposal and other miscellaneous expenses including pest control and security is based on square footage. The method of allocation for insurance, retirement and employee benefits, supplies, telephone and utilities is based on full time equivalents.

**NOTES TO FINANCIAL STATEMENTS**

**10. COMMITMENTS AND CONTINGENCIES**

The Food Bank is, from time to time, involved in lawsuits arising in the ordinary course of its business that, in the opinion of management, will not have a material effect on the Food Bank's results of operations.

**11. PROMISES TO GIVE**

*Unconditional Promises to Give*

Unconditional promises to give other than United Way at December 31, 2018 and 2017 are as follows:

	<u>2018</u>	<u>2017</u>
Receivable in less than one year	\$ 4,950	\$ 5,200
Receivable in one to five years	<u>-</u>	<u>-</u>
Total unconditional promises to give	4,950	5,200
Less: Discount to net present value	<u>( 616)</u>	<u>( 616)</u>
Net unconditional promises to give	<u>\$ 4,334</u>	<u>\$ 4,584</u>

The discount rate used on the valuation of long-term promises to give was 2.73% for the year ended December 31, 2015, the rate of return of the 30 year U.S. Treasury Bill. There were no new pledges for the years ended December 31, 2018 and 2017.

**12. FAIR VALUE OF FINANCIAL INSTRUMENTS**

Accounting principles generally accepted in the United States of America (GAAP) provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement, determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

**(A NOT-FOR-PROFIT ORGANIZATION)**  
**BATON ROUGE, LOUISIANA**

**NOTES TO FINANCIAL STATEMENTS**

**12. FAIR VALUE OF FINANCIAL INSTRUMENTS** (continued)

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

*Money market and pooled funds:* Valued at the net asset value (NAV) of units held by the Food Bank at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Food Bank's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Fair Value of Assets Measured on a Recurring Basis**

The following table presents for each of the fair-value hierarchy level the Food Bank's financial assets that are measured at fair value on a recurring basis at December 31, 2018 and 2017.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled Investments at December 31, 2018	\$ -	\$ 1,658,405	\$ -
Pooled Investments at December 31, 2017	\$ -	\$ 1,609,687	\$ -

**13. ENDOWMENT NET ASSETS**

The primary objective of the Food Bank's investment and spending policies for its endowed assets is for the investment of donor contributions made in memory of individuals. These donations are used to meet the mission statement of the Food Bank. Its endowment includes donor-restricted endowment funds. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Food Bank has interpreted the Louisiana State Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. This Act was effective July 1, 2010.

**THE GREATER BATON ROUGE FOOD BANK**  
**(A NOT-FOR-PROFIT ORGANIZATION)**  
**BATON ROUGE, LOUISIANA**

**NOTES TO FINANCIAL STATEMENTS**

**13. ENDOWMENT NET ASSETS** (continued)

Upon implementation, the Food Bank classified as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donations, to be used to meet the mission statement of the Food Bank, can be solicited for this fund. Interest, dividends, capital gains or other earnings of the Fund are to be utilized at the discretion of the Board of Directors, and in compliance with the policies and procedures of the Board designated holder of the endowment. This policy, with the exception of the inviolate nature of the endowment that may not be altered, may only be changed by a two-thirds majority vote of the elected, voting members of the Board of Directors. The corpus of the assets of this fund is considered to be permanently restricted.

Investments of the Endowment Fund consist solely of amounts invested in the Baton Rouge Area Foundation Investment Pool (BRAAF). To satisfy its long-term rate-of-return objectives, the Food Bank relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The carrying amount of the investments of \$1,658,405 and \$1,609,687 as of December 31, 2018 and 2017, respectively, are recorded at their fair value which is based on the net asset value of BRAAF's investment pool.

As of December 31, 2018 and 2017, all interest and dividend income and unrealized gains were classified as without donor restriction.

The endowment net asset composition by type of fund was as follows as of December 31, 2018 and 2017:

	<u>Without Donor Restriction</u>	<u>With Donor Restriction</u>	<u>Total</u>
Donor-Restricted Endowment as of December 31, 2018	\$ 506,705	\$ 1,151,700	\$ 1,658,405

**14. THE FLOOD AND INSURANCE PROCEEDS**

Due to heavy rainfall and severe storms in Louisiana between August 12 and August 15, 2016, record flooding throughout East Baton Rouge Parish endangered the lives of Louisianans and inflicted heavy damage to public and private property, including The Food Bank. The Food Bank's building received flood water that reached four or more feet in height, damaging the building and destroying certain contents and fixed assets.

The Food Bank maintained a flood and inland marine policy and filed a claim for recovery of damages to its property and equipment. The Food Bank reached a settlement of damages to the building and equipment insured and received approximately \$0.7 million during the year ended December 31, 2016. The Governor of Louisiana requested a Presidential disaster declaration, which was declared (DR-4277) on August 14, 2016, authorizing the Federal Emergency Management Agency (FEMA) to activate the Public Assistance (PA) program. The Food Bank is seeking reimbursement for eligible recovery costs through the PA program for Emergency Protective Measures.

Under the Emergency Protective Measures PA program, the Food Bank submitted reimbursement requests to FEMA in the amount of \$1.6 million. As of December 31, 2018, the Food Bank has fully collected all they expect to receive from the Emergency Protective Measures PA program. In 2017, the Food Bank completed its extensive renovations to the facility. The Food Bank submitted its application for the Permanent Work Project Worksheets in the amount of \$1.2 million and has collected a total of \$1.0 million to date. At December 31, 2018, The Food Bank has recorded a receivable for approximately \$263,000 on the Statement of Financial Position related to the Permanent Work Project Worksheets.

**15. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through the date that the financial statements were available to be issued, June 25, 2019, and determined that the following requires additional disclosure. On February 27, 2019 by action of the East Baton Rouge Metropolitan Council, the City of Baton Rouge –Parish of East Baton Rouge, amended its agreements with the Food Bank to provide for the forgiveness of the remaining balance of the CDBG repayable loan. As of December 31, 2018, the loan had a remaining principal balance of \$325,000, net of a discount of \$47,219, for a total balance of \$277,781. No events occurring after this date have been evaluated for inclusion in these financial statements.

**Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and  
Other Matters Based on an Audit of Financial Statements Performed  
In Accordance with Government Auditing Standards**

The Board of Directors  
The Greater Baton Rouge Food Bank  
Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Greater Baton Rouge Food Bank, which comprise the statement of financial position as of December 31, 2018, and the related statements of activities and changes in net assets, functional expenses by nature and class, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 25, 2019.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered The Greater Baton Rouge Food Bank's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Greater Baton Rouge Food Bank's internal control. Accordingly, we do not express an opinion on the effectiveness of The Greater Baton Rouge Food Bank's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether The Greater Baton Rouge Food Bank's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance**

The Board of Directors  
The Greater Baton Rouge Food Bank  
Baton Rouge, Louisiana

**Report on Compliance for Major Federal Program**

We have audited The Greater Baton Rouge Food Bank's compliance with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of The Greater Baton Rouge Food Bank's major federal programs for the year ended December 31, 2018. The Greater Baton Rouge Food Bank's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of The Greater Baton Rouge Food Bank's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The Greater Baton Rouge Food Bank's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of The Greater Baton Rouge Food Bank's compliance.

**Opinion on Major Federal Program**

In our opinion, The Greater Baton Rouge Food Bank complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2018.

## **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2018-001, 2018-002 and 2018-003. Our opinion on the major federal program is not modified with respect to these matters.

The Greater Baton Rouge Food Bank's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Greater Baton Rouge Food Bank's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

## **Report On Internal Control Over Compliance**

Management of the Greater Baton Rouge Food Bank is responsible for establishing and maintaining effective internal control over the types of compliance requirements referred to on the previous page. In planning and performing our audit of compliance, we considered the Greater Baton Rouge Food Bank's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Greater Baton Rouge Food Bank's internal control over compliance.

*A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.*

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2018-001, 2018-002 and 2018-003, that we consider to be significant deficiencies.

The Greater Baton Rouge Food Bank's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Greater Baton Rouge Food Bank's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the Greater Baton Rouge Food Bank, which comprise the statement of financial position as of December 31, 2018, and the related statements of activities and changes in net assets, functional expenses by nature and class, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 25, 2019, which contained an unmodified opinion on those financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Findings and Questioned Costs – Major Federal Awards Programs**

**2018-001 Sub-recipient Monitoring**

**10.568 and 10.569 Emergency Food Assistance Program**

Questioned Costs: None

Criteria: The Uniform Guidance Subpart D indicates that a pass-through entity is responsible for monitoring the activities of its sub-recipients to ensure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and performance goals are achieved.

Under the terms of the agreement with the Louisiana Department of Agriculture and Forestry, the pass-through entity is responsible for conducting an annual review of all storage facilities/sites (individual pantries, storerooms, etc.) prior to June 30th of each year.

Condition: While testing compliance with the Federal program criteria regarding sub-recipient monitoring, out of a population of 122 agencies, 25 were sampled and haphazardly selected for testing, we found the following:

- There was no site visit performed for 1 of these agencies;
- and, for 4 of these agencies, annual site visits were performed; however, they were not performed prior to June 30th.

This sample is not a statistically valid sample.

Effect: The Food Bank is non-compliant with sub-recipient monitoring requirements for the USDA program. In addition, without establishing a control process, appropriate levels of sub-recipient monitoring may not occur and therefore the Food Bank may not be complying with all of its sub-recipient pass-through monitoring responsibilities.

Cause: The Food Bank did not implement controls over established policies and procedures to ensure compliance with the Federal requirements.

**Findings and Questioned Costs – Major Federal Awards Programs** (continued)

**2018-001 Sub-recipient Monitoring** (continued)

**10.568 and 10.569 Emergency Food Assistance Program**

**Recommendation:** The Food Bank should establish controls to ensure the implemented policies and procedures are followed to ensure that Federal compliance requirements are adhered to.

**View of Responsible Official:**

*Management will review the Food Bank procedures on conducting the annual review of the sub-recipients to ensure the controls in place include management review of the monitoring dates on a quarterly basis.*

**2018-002 Procurement, Suspension and Debarment**

**10.568 / 10.569 Emergency Food Assistance Program**

**Questioned Costs:** None

**Criteria:** A contract award must not be made to parties listed on the government-wide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority. In addition, under 2 CFR 200.326, Contract Provisions, a non-federal entity's contracts must contain the applicable provisions described in Appendix II to Part 200 - Contract Provisions for non-Federal Entity Contracts under Federal Awards.

**Condition:** While testing compliance with the Federal program criteria regarding procurement, suspension and debarment, out of a population of 122 agencies, 25 were sampled and haphazardly selected for testing. We found that the required contract language regarding suspension and debarment was not included in the signed contract. We were also unable to obtain documentation to support that the Food Bank verified these agencies were not suspended, debarred, or otherwise excluded from doing business on federally funded contracts. However, based on a search on SAM.gov these agencies were not identified as being debarred from contracting with the federal government. This sample is not a statistically valid sample.

**Effect:** Without verification and documentation of the procedures over these requirements inadvertent payments to agencies who are not allowed to contract with the federal government may occur.

**10.568 and 10.569 Emergency Food Assistance Program**

Cause: The Food Bank did not implement established policies and procedures to ensure compliance with the Federal requirements.

Recommendation: The Food Bank should implement processes so that established written policies and procedures are followed to ensure that Federal compliance requirements are adhered to.

**View of Responsible Official:**

*The Food Bank will update its annual monitoring of the sub-recipient procedures to include that the sub-recipient must provide the Food Bank with documentation that they have not been suspended, debarred or otherwise excluded from doing business on federally funded contracts.*

**2018-003 Special Tests and Provisions**

**10.568 and 10.569 Emergency Food Assistance Program**

Questioned Costs: None

Criteria: Accurate and complete records must be maintained with respect to the receipt, distribution/use, and inventory of USDA Foods, including end products processed from USDA Foods.

Condition: While testing compliance with the Federal program criteria regarding special tests and provisions, we found the following:

- We tested receipts and distributions of USDA foods. Out of a population of 29,888 receipts and distributions of USDA food items, 13 receipts and 12 distributions for a total sample size of 25 were sampled and haphazardly selected for testing. For 2 distributions out of the 25 selected for testing, there was no supporting documentation of the distributions.

This sample is not a statistically valid sample.

Effect: The Food Bank is non-compliant with the special tests and provisions requirements for the USDA program. In addition, without establishing an effective control process, accurate and complete records may not be maintained. Therefore, the Food Bank may not be complying with all of its responsibilities.

**10.568 and 10.569 Emergency Food Assistance Program**

**Cause:** The Food Bank did not effectively implement controls over established policies and procedures to ensure compliance with the Federal requirements.

**Recommendation:** The Food Bank should enhance controls to ensure the implemented policies and procedures are followed to ensure that Federal compliance requirements are adhered to.

***View of Responsible Official:***

*The two distributions noted in the testing were missing the agency signature on the agency invoice. The capturing of the signatures is a manual activity and management is in the process of saving the signatures electronically to reduce the risk of losing the agency signature documentation.*

**SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS**

**Findings– Financial Statements**

**2017-001 Inventory**

- Criteria:** A system of internal controls over the physical inventory of food product is necessary to ensure that the Organization can accurately report year-to-date activity in the financial statements, as well as safeguarding the inventory from potential loss.
- Condition:** During our audit procedures of inventory, we noted that with the implementation of the new perpetual inventory system, that several of the policies and procedures, including key controls, have changed and/or do not include requirements for written documentation.
- Cause:** The Food Bank had a system conversion, staff turnover and was significantly impacted by the flooding in August 2016, which have changed the daily operations and related key controls.
- Effect:** Food product inventory is a significant asset for the Food Bank and the current process for tracking pertinent information could be enhanced with written policies and procedures for controls over inventory that are considered key, such as monthly inventory counts and monthly variances within an established range.
- Recommendation:** The Organization should enhance the written documentation of internal controls related to the physical inventory counts for the food product inventory, as a result of the new inventory system.

**View of Responsible Official**

*Now that all installations of the new inventory system have been completed, the Food Bank will document its policies and procedures for inventory control, including the acceptable inventory variance of 2%. Monthly, the Food Bank will document any inventory count variance which will be reviewed with the COO, CFO and CEO to ensure that the variance is within the Food Bank's 2% acceptable variance level.*

**SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS**

**Findings– Financial Statements (continued)**

**2017-002 Non-compliance with State Audit Law**

- Criteria:** In accordance with R.S. 24:513, any local auditee that receives \$500,000 or more in revenues and other sources in any one fiscal year shall be audited annually. The due date of the audit report is six months after the Organization’s fiscal year end.
- Condition:** The Organization was required to have an audit completed by the filing of June 30, 2018 (six months after its fiscal year end) and the Organization did not meet this filing deadline.
- Cause:** The Organization was significantly impacted by the Great Flood of 2016 and did not return to their facility until May 2017. Given the impact to operations and personnel resource constraints, there was a delay in the final financial close out procedures of the accounting records.
- Effect:** The Organization was granted an extension of time to file their annual financial report with the Louisiana Legislative Auditor. The report is required to be submitted no later than July 31, 2018. The Organization may be required to explain to the Legislative Audit Advisory Council why they are not in compliance with the audit law.
- Recommendation:** The Organization should ensure that they complete year-end close out procedures on a timely basis to allow sufficient time for the auditor to complete their procedures in accordance with *Government Auditing Standards* and meet future deadlines.

**View of Responsible Official**

*The Food Bank will complete year-end close out procedures on a timely basis to allow sufficient time for the auditor to complete their procedures in accordance with Government Auditing Standards and regulatory reporting requirements.*

**Findings and Questioned Costs – Major Federal Awards Programs**

**2017-003 Preparation of Schedule of Expenditures and Federal Awards**

Questioned Costs: None

Criteria: The Uniform Guidance Subpart F section 200.510 requires the preparation of the Schedule of Expenditures of Federal Awards (SEFA) that includes an accurate reporting of federal awards expended based on the terms and conditions of the grants along with the amount of funds disbursed to sub-recipients. In order for the SEFA to be prepared accurately and properly report the amounts expended for federal awards, a system of controls should be in existence that includes the timely preparation and review of the amounts reported on the SEFA.

Non-federal entities must record expenditures on the SEFA when (1) FEMA has approved the non-Federal entity's project worksheet (PW), and (2) the non-Federal entity has incurred the eligible expenditures. Federal awards expended in years subsequent to the fiscal year in which the PW is approved are to be recorded on the non-Federal entity's SEFA in those subsequent years.

Universe/  
Population size: None

Sample size: None

Condition: The Organization's initial SEFA prepared included expenditures for one vendor that were included on an approved PW in fiscal year 2017, but incurred in the year subsequent to the fiscal year.

Effect: The SEFA provided to us for audit did not contain the correct amounts of federal expenditures based on the terms of the grant awards and the PW for one of the federal programs reported.

Cause: The grant awards were not properly interpreted or reviewed to determine the proper amount to be reported as expenditures on the SEFA.

Recommendation: The Organization should strengthen its controls including its review and approval processes over the information and balances that is accumulated and reported on the SEFA to make sure the expenditures reported are an accurate representation of federal costs.

**Response:** *Management will review the Food Bank procedures on conducting the annual review of the sub-recipients to ensure the controls in place include management review of the monitoring dates on a quarterly basis.*

*Estimated Time of Completion: June 30, 2019.*

*Estimated Cost of Implementation: Not Applicable*

**2018-002 Procurement, Suspension and Debarment**

**Response:** *The Food Bank will update its annual monitoring of the sub-recipient procedures to include that the sub-recipient must provide the Food Bank with documentation that they have not been suspended, debarred or otherwise excluded from doing business on federally funded contracts.*

*Estimated Time of Completion: June 30, 2020*

*Estimated Cost of Implementation: Not Applicable*

**2018-003 Special Tests and Provisions**

**Response:** *The two distributions noted in the testing were missing the agency signature on the agency invoice. The capturing of the signatures is a manual activity and management is in the process of saving the signatures electronically to reduce the risk of losing the agency signature documentation.*

*Estimated Time of Completion: December 31, 2019*

*Estimated Cost of Implementation: \$1,000-10,000*
