INDEPENDENT AUDITORS' REPORT

Board of Directors
Ability360 and Subsidiary
Phoenix, Arizona

We have audited the accompanying consolidated financial statements of Ability360 and Subsidiary, which comprise the consolidated statements of financial position as of June 30, 2018 and 2017, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Ability360 and Subsidiary as of June 30, 2018 and 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2018, on our consideration of Ability360 and Subsidiary's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Ability360 and Subsidiary's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ability360 and Subsidiary's internal control over financial reporting and compliance.

JUNE 30, 2018 AND 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Ability360 was organized as a nonprofit corporation in May 1984 under the laws of the state of Arizona. Ability360 offers a full range of empowering programs for individuals with disabilities and family members with disability concerns. Ability360's programs include independent living skills instruction, peer support, information and referral, advocacy, home modifications, social and recreational programs, early intervention and outreach to rehabilitation hospitals, community reintegration from nursing homes, youth transition, personal assistance services, social security work incentives and benefits counseling, and employment services for SSDI and SSI beneficiaries.

ABIL Development, LLC was incorporated in the state of Arizona on February 1, 2007, as a limited liability company. Ability360 is the sole member of ABIL Development, LLC and Ability360 has an economic interest in and exercises control over ABIL Development, LLC. The purpose of ABIL Development, LLC is to carry out the programs that complement the activities of Ability360.

Consolidated Financial Statements

The consolidated financial statements include both the accounts of Ability360 and ABIL Development, LLC (collectively referred to as Ability360). All of the financial activities and balances of these organizations are included in these consolidated financial statements. All significant interorganization accounts and transactions have been eliminated in consolidation.

The consolidated financial statements of Ability360 and Subsidiary have been prepared on the accrual basis of accounting. The significant accounting policies followed are described below to enhance the usefulness of the consolidated financial statements to the reader.

Basis of Presentation

The Organization's financial statements are presented in accordance with the American Institute of Certified Public Accountants (AICPA) Not-for-Profit Industry Guidance within the Financial Accounting Standards Board (FASB) Codification (Guidance). Under the Guidance, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets as follows:

Unrestricted Net Assets

Unrestricted net assets are not subject to donor-imposed stipulations and are those currently available at the discretion of the board of directors for use in Ability360's operations, in accordance with its bylaws. Temporarily restricted contributions received and expended in the same year are classified as unrestricted.

**ABILITY360 AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Temporarily Restricted Net Assets

Temporarily restricted net assets are those which are subject to donor-imposed stipulations that will be met by Ability360 and/or the passage of time.

Permanently Restricted Net Assets

Permanently restricted net assets are those which represent permanent endowments where it is stipulated by donors that the principal remain in perpetuity and only the income is available as unrestricted or temporarily restricted, as per the endowment agreements. At June 30, 2018 and 2017, Ability360 had no permanently restricted net assets.

Use of Estimates in the Preparation of Consolidated Financial Statements

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of short-term, highly liquid investments that are both (a) readily convertible to known amounts of cash; and (b) so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less, when purchased, meet this definition.

Accounts Receivable

Accounts receivable consist primarily of amounts due from various agencies and are unsecured. Accounts receivable are stated at the amount management expects to collect. The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. Management provides for probable, uncollectible amounts through a charge to operations and an increase to a valuation allowance based on the assessment of the current status of individual balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a decrease to accounts receivable.

ABILITY360 AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pledges Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met. There are no pledges receivables as of June 30, 2018 and 2017.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the consolidated statements of financial position. Investment income (including interest and dividends) and realized and unrealized gains and losses are reported in the consolidated statements of activities under support and revenue.

Property and Equipment

Purchased property and equipment are initially recorded at cost, and donated property and equipment are recorded at fair value at the date of gift to Ability360. Such donations are reported as unrestricted support unless the donor has restricted the donated assets to a specific purpose. Maintenance and repairs are charged to operations when incurred. Betterments and renewals in excess of \$2,500 are capitalized. When property and equipment is sold or otherwise disposed of, the asset and related accumulated depreciation and amortization accounts are relieved, and any gain or loss is included in operations. Depreciation and amortization is provided using the straight-line method over the respective useful lives of the assets, which range from 3 to 50 years. Leasehold improvements are amortized over the shorter of the useful lives of the improvements or the lease terms.

Impairment of Long-Lived Assets

Ability360 reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. Management does not believe that there were any impairments as of June 30, 2018 and 2017.

**ABILITY360 AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Ability360 accounts for contributions and grants in accordance with the Audit Guide and they are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, Ability360 reports the support as unrestricted.

Grants and Contracts

Grants and contracts consist of governmental reimbursements at contracted rates. These revenues are recognized when the related services are performed.

Derivative Financial Instruments

Ability360 was a party to an interest rate swap agreement to hedge the cash flow effects of fluctuations in interest rate related to its long-term debt instrument. The net amount receivable or payable associated with the interest rate swap agreement was recorded and reflected on the consolidated statements of financial position. The loan associated with the interest rate swap agreement was paid off during fiscal year ended 2017.

Income Taxes

Ability360 qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, there is no provision for federal or state corporate income taxes. In addition, Ability360 has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code.

ABIL Development, LLC is a limited liability company incorporated in the state of Arizona which is a pass-through entity. All income or loss of this entity is reported at the Ability360 level.

Both Organizations remain subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the consolidated financial statements taken as a whole.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Allocation of Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of functional expense. Accordingly, certain costs have been allocated among the programs and support services benefited. The allocation methods used are subject to a degree of estimation by management. Ability360 directly allocates certain expenses to the various functions to which they apply.

NOTE 2 CASH AND CASH EQUIVALENTS

Cash and cash equivalents at June 30 consist of the following:

	2018	2017
Cash on Hand	\$ 647	\$ 647

NOTE 4 FAIR VALUE OF FINANCIAL INSTRUMENTS

In determining fair value, Ability360 uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that Ability360 has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models, and similar techniques not based on market, exchange, dealer, or broker-traded transactions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of the valuation methodologies used for financial instruments follows:

Investments

Equity securities, corporate bonds, government issued securities, money market funds, and other funds listed on a national market or exchange are valued at the last sales price, or if there is no sale and the market is still considered active, at the last transaction price before year-end. Such securities are classified within Level 1 of the valuation hierarchy.

Debt securities consisting of government agency debt obligations are generally valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality, and type. There are no directly held debt securities in the investment portfolio. Debt securities are generally classified within Level 2 of the valuation hierarchy.

NOTE 4 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

Investments (Continued)

Hedge funds, private equity, venture capital, and other investments for which there is not an active market are valued at the quoted market price for underlying marketable securities or an estimate of underlying asset fair values as determined in good faith by the general partner. These alternative investments are classified within Level 3 of the valuation hierarchy.

Ability360 also invests in the Arizona Community Foundation, Inc. (ACF) pool. The fair value of these investments is based on its investment percentage in the investment pool. The ACF pool is invested in cash, equity securities, bonds, and other investments. This investment is classified within Level 3 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Ability360 believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents assets and liabilities measured at fair value by classification within the fair value hierarchy as of June 30, 2018 and 2017:

2021	21,080
2022	18,875
2023	9,488
Total	<u>\$ 312,865</u>

Management believes that leases that expire will be renewed; thus, it is anticipated that future rental revenue will approximate the amount recognized in fiscal 2018.

NOTE 7 OPERATING LEASES

Ability360 leases office space and office equipment under the provisions of noncancelable operating leases. Rental expense under the terms of the operating leases was \$180,817 and \$139,909 for the years ended June 30, 2018 and 2017, respectively. Certain operating leases provide for renewal options.

The future minimum rental payments under these operating leases are as follows:

NOTE 9 DONATED GOODS AND SERVICES

Ability360 receives donated services from a variety of unpaid volunteers assisting in various programs. No amounts have been recognized in the accompanying consolidated statements of activities because the accounting criteria for recognition of such volunteer efforts have not been satisfied.

NOTE 10 RETIREMENT PLAN

Ability360 maintains a 403(b) thrift plan which is available to all full-time employees. Under the plan, employees can elect to have their salary reduced on a pre-tax basis, based on a percentage of compensation. Ability360 has a matching contribution requirement up to 4% for the years ended June 30, 2018 and 2017. Ability360's retirement plan expense was \$152,375 and \$148,351 for the years ended June 30, 2018 and 2017, respectively.

ABILITY360 AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017

NOTE 11 CONCENTRATION RISK

Ability360 received 84% of their revenue from two government contracts during the year ended June 30, 2018. Ability360 received 92% of their revenue from three government contracts during the year ended June 30, 2017.

Approximately 80% of the accounts receivable balance is due from two government contracts as of June 30, 2018. Approximately 94% of the accounts receivable balance is due from three government contracts as of June 30, 2017.

Ability360 maintains all of its cash with banks located in Arizona. Balances on deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to specified limits. Balances in excess of FDIC limits are uninsured. As of June 30, 2018 and 2017, a portion of cash balances at financial institutions exceeded the balance insured by the FDIC.

NOTE 12 COMMITMENTS AND CONTINGENCIES

Ability360 participates in a number of federal and state assisted grant and contract programs which are subject to financial and compliance audits. Accordingly, Ability360's compliance with applicable grant or contract requirements may be determined at some future date. The amount, if any, of expenditures or fees for units of service which may be disallowed by the granting or contracting agencies cannot be determined at this time, although Ability360's management expects such amounts, if any, to be immaterial.

Ability360 is contingently liable in respect to claims incidental to the ordinary course of its operations. In the opinion of management, such matters will not have a material adverse effect on Ability360's financial position, operations, or liquidity. Therefore, no provision has been made in the accompanying consolidated financial statements for losses, if any, that might result from the ultimate outcome of these matters.

NOTE 13 SUBSEQUENT EVENTS

Management evaluated subsequent events through November 8, 2018, the date the consolidated financial statements were available to be issued. Events or transactions occurring after June 30, 2018, but prior to November 8, 2018, that provided additional evidence about conditions that existed at June 30, 2018, have been recognized in the consolidated financial statements for the year ended June 30, 2018. Events or transactions that provided evidence about conditions that did not exist at June 30, 2018, but arose before the consolidated financial statements were available to be issued have not been recognized in the consolidated financial statements for the year ended June 30, 2018.

NOTE 14 NEW ACCOUNTING STANDARDS

In August 2016, the FASB issued Accounting Standards Update 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which is expected to impact the information presented in financial statements and notes about a nonprofit entity's liquidity, financial performance, and cash flows. The guidance is required to be applied by the Ability360 for the fiscal year ending June 30, 2019.

In May 2014, the FASB issued amended guidance to clarify the principles for recognizing revenue from contracts with customers. The guidance requires the Organization to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the Organization expects to be entitled in exchange for those goods or services. The guidance also requires expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. Additionally, qualitative and quantitative disclosures are required regarding customer contracts, significant judgments and changes in judgments, and assets recognized from the costs to obtain or fulfill a contract. The guidance will initially be applied retrospectively using one of two methods. The standard will be effective for the Ability360 for the year ending June 30, 2020; however, early application is permitted.

The FASB issued Accounting Standards Update (ASU) No. 2018-08 on June 21, 2018. This update clarifies and improves the scope and the accounting guidance for contributions received and contributions made. This ASU distinguishes between contributions and exchange transactions and assists in determining which guidance to apply. For contributions, the guidance in Subtopic 958-605, *Not-for-Profit Entities—Revenue Recognition*, should be followed. For exchange transactions, Topic 606, *Revenue from Contracts with Customers*, should be followed. To determine which guidance should be followed, grant documents have to be carefully analyzed. The standard will be effective for the Ability360 for the year ending June 30, 2020; however, early application is permitted.

In February 2016, the FASB issued amended guidance for the treatment of leases. The guidance requires lessees to recognize a right-of-use asset and a corresponding lease liability for all operating and finance leases with lease terms greater than one year. The guidance also requires both qualitative and quantitative disclosures regarding the nature of the entity's leasing activities. The guidance will initially be applied using a modified retrospective approach. The standard will be effective for the Ability360 for the year ending June 30, 2021; however, early application is permitted.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Ability360 and Subsidiary
Phoenix, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Ability360 and Subsidiary, which comprise the consolidated statement of financial position as of June 30, 2018, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated November 8, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Ability360 and Subsidiary's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ability360 and Subsidiary's internal control. Accordingly, we do not express an opinion on the effectiveness of Ability360 and Subsidiary's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ability360 and Subsidiary's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE;
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
Ability360 and Subsidiary
Phoenix, Arizona

Report on Compliance for the Major Federal Program

We have audited Ability360 and Subsidiary's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Ability360 and Subsidiary's major federal program for the year ended June 30, 2018. Ability360 and Subsidiary's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Ability360 and Subsidiary's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Ability360 and Subsidiary's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Ability360 and Subsidiary's compliance.

Opinion on the Major Federal Program

In our opinion, Ability360 and Subsidiary complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of Ability360 and Subsidiary is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Ability360 and Subsidiary's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Ability360 and Subsidiary's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the consolidated financial statements of Ability360 and Subsidiary as of and for the year ended June 30, 2018, and have issued our report thereon dated November 8, 2018, which contained an unmodified opinion on those consolidated financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

ABILITY360 AND SUBSIDIARY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2018

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Ability360 and Subsidiary under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Ability360 and Subsidiary, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Ability360 and Subsidiary

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Ability360 and Subsidiary has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA)

The program titles and CFDA numbers were obtained from the Catalog of Federal Domestic Assistance.

NOTE 4 SUBRECIPIENTS

There were no subrecipient payments during the year.
