### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Habitat for Humanity of Lee and Hendry Counties, Inc. North Fort Myers, Florida

We have audited the accompanying consolidated financial statements of Habitat for Humanity of Lee and Hendry Counties, Inc. (a nonprofit organization) ("Habitat"), which comprise the consolidated statements of financial position as of September 30, 2014 and 2013, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Habitat for Humanity of Lee and Hendry Counties, Inc. as of September 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### HABITAT FOR HUMANITY OF LEE AND HENDRY COUNTIES, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

### **Organization**

Habitat for Humanity of Lee and Hendry Counties, Inc. ("Habitat") is a non-profit organization funded by public contributions. The Organization was incorporated on October 8, 1982, and is dedicated to providing low income home ownership in Lee County and Hendry County, Florida, for those families who cannot otherwise afford a decent place to live.

Habitat is an affiliate of Habitat for Humanity International, Inc. ("Habitat International"), a nondenominational Christian, not-for-profit organization whose purpose is to create affordable housing for those in need, and to make decent shelter a matter of conscience with people everywhere. Although Habitat International assists with information resources, training, publications, prayer support, and in other ways, Habitat is primarily and directly responsible for its own operations. Habitat has chosen to contribute a tithe on undesignated revenue received to Habitat International, as part of the affiliation.

### **Significant Accounting Policies**

### **Principles of Consolidation**

The consolidated financial statements include all of the accounts and activity of Habitat for Humanity of Lee and Hendry Counties, Inc., Habitat for Humanity Senior Housing LLC, and HFHLHC Funding Company I, LLC. All transactions between the above entities have been eliminated in consolidation and the above entities are collectively referred to as the "Organization."

Habitat for Humanity Senior Housing, LLC was incorporated under the laws of the state of Florida in 2007 for the purpose of operating the rental complexes. In 2014, Habitat changed the name of Habitat for Humanity Senior Housing, LLC to Majorca Palms, LLC. Habitat is the sole member of the Majorca Palms, LLC.

HFHLHC Funding Company I, LLC was incorporated under the laws of the state of Florida in 2014 for the purpose of securitizing twenty-one mortgage notes that were sold in 2014 (see note 5). Habitat is the sole member of the HFHLHC Funding Company I, LLC.

### Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows, the Organization considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

### **Temporarily Restricted Net Assets**

Temporarily restricted net assets are those resources currently available for use, but expendable only for purposes specified by the donor. Such resources originate from contributions restricted for specific purposes.

### Gifts and Contributions

Habitat records contributions upon receipt of an unconditional promise to give, less an allowance for uncollectible amounts and an allowance for the present value of gifts to be received over more than one year. Gifts, bequests, and other promises or receipts restricted by donors as to use or time period are recorded as temporarily restricted net assets until used in the manner designated or upon expiration of the time period. Donated property and equipment are recorded at fair market value at the date received as unrestricted or restricted net assets, based on the donor's intent. When the assets are used for their intended purposes, the applicable amount is transferred to unrestricted net assets. Unrestricted contributions received are recorded as contribution revenue.

### NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Significant Accounting Policies (Continued)**

### **Investments for Gift Annuity Obligations**

Habitat is a named beneficiary under certain charitable gift annuity arrangements. Under these arrangements, Habitat receives the contributed amounts upon the execution of the agreement and is required to pay a fixed annuity to the donor during the lifetime of the donor. Habitat has recorded the contributed assets based on fair value and the annuity obligation based on the present value of future cash flows expected to be paid. The difference between the fair value of amounts contributed and the annuity obligation is recognized as unrestricted contribution revenue. Changes in the recorded assets and annuity obligations due to changes in life expectancy, present value actuarial assumptions, or market value of assets are reflected as other revenue in the accompanying consolidated statements of activities and changes in net assets.

Upon death of the grantor and the receipt of the monies, Habitat will recognize the revenues according to the donor restrictions, if any. A discount rate of 2% was used to determine the present value of all split interest agreements at September 30, 2014 and 2013.

### **Building Materials Inventory**

Building materials are stated at the lower of cost (utilizing the first-in, first-out method) or market.

### **Mortgages Receivable**

First mortgages from the sale of houses are interest free amounts due from the home buyer. Second mortgages on houses represent the difference between the cost of the house and the assigned value of the house when the residence is transferred to the occupant. Both mortgages are interest free to the homeowner but are discounted at an appropriate rate of interest for financial statement presentation purposes.

A loan is considered impaired when it is probable, based on current information and events, the Organization will be unable to collect all principal payments due in accordance with the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Impaired loans are measured by the fair value of the collateral. The amount of impairment, if any, and any subsequent changes are included in the allowance for loan losses.

### Allowance for Loan Losses

The allowance for loan losses is established through a provision for loan losses charged to expense. Loan losses are charged against the allowance when management believes the collectability of the principal is unlikely. Subsequent recoveries, if any, are credited to the allowance.

The allowance is an amount that management believes will be adequate to absorb estimated losses relating to specifically identified loans, as well as probable credit losses inherent in the balance of the loan portfolio, based on an evaluation of the collectability of existing loans and prior loss experience. This evaluation also takes into consideration such factors as changes in the nature and volume of the loan portfolio, overall portfolio quality, review of specific problem loans, concentrations and current economic conditions that may affect the borrower's ability to pay. This evaluation does not include the effects of expected losses on specific loans or groups of loans that are related to future events or expected changes in economic conditions. While management uses the best information available to make its evaluation, future adjustments to the allowance may be necessary if there are significant changes in economic conditions.

### NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Significant Accounting Policies (Continued)**

### Allowance for Loan Losses (Continued)

The allowance consists of specific and general components. The specific components relate to loans that are impaired. For such loans that are classified as impaired, an allowance is established when the collateral value of the impaired loan is lower than the carrying value of that loan. The general component covers unimpaired loans and is based on historical experience adjusted for qualitative factors.

Second mortgages are held on most homes sold. The terms of the second mortgages range from 10 to 20 years, and must be satisfied if the home is sold within the term of the mortgage. The second mortgages are offset by second mortgage reserves of \$2,889,277 and \$2,923,072 as of September 30, 2014 and 2013, respectively, as reported on the consolidated statements of financial position, because payment on these mortgages is waived over the term of the mortgage. Second mortgages issued prior to January 2006 decrease on a pro-rata basis over the term of the mortgage. Second mortgages issued after January 2006 remain at the full balance until the end of the mortgage term.

### **Foreclosed Assets**

Foreclosed homes acquired through or in lieu of loan foreclosure are refurbished for future qualified residents and are initially recorded at the lower of cost or fair value. Any write-down to fair value at the time of transfer to foreclosed assets is charged to the allowance for loan losses. Subsequent to foreclosure, valuations are periodically performed by management and the assets are carried at the lower of carrying amount or fair value less cost to sell. Costs of improvements are capitalized, whereas costs relating to holding foreclosed homes and subsequent adjustments to the value are expensed.

### Land and Construction Inventory

### **Land Held for Home and Commercial Property Sites**

Land purchased for homes and commercial property sites is recorded at cost unless it is determined to be impaired, in which case the impaired land is written down to fair value. Donated land is recorded at the donor's appraised amount or the property appraiser's value. All related carrying costs for these properties such as maintenance, any assessments, real estate taxes, etc. are capitalized into the cost of the properties. Habitat reviews land for impairment during each reporting period on a lot by lot basis. Generally accepted accounting principles require that if the undiscounted cash flows expected to be generated by an asset are less than its carrying amount, an impairment charge should be recorded to write down the carrying amount of such asset to its fair value.

### **Construction in Progress**

Costs of construction in progress consist of a budgeted amount for the land transferred from land inventory to the construction account and direct home construction costs, unless it is determined to be impaired. In which case, the impaired construction in progress is written down to fair value. Construction overhead is expensed as incurred. Homes completed pending closing are classified as construction in progress until delivered. Habitat reviews construction in progress for impairment during each reporting period on a lot by lot basis. Generally accepted accounting principles require that if the undiscounted cash flows expected to be generated by an asset are less than its carrying amount, an impairment charge should be recorded to write down the carrying amount of such asset to its fair value.

### NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Significant Accounting Policies (Continued)**

### **Land and Construction Inventory (Continued)**

Habitat estimates fair values of land and construction inventory evaluated for impairment under generally accepted accounting principles based on market conditions and assumptions made by management at the time they are evaluated, which may differ materially from actual results if market conditions or assumptions change. For example, further market deterioration or changes in assumptions may lead to Habitat incurring additional impairment charges on previously impaired land and construction inventory, as well as on land and construction inventory in progress not currently impaired but for which indicators of impairment may arise if further deterioration occurs.

### **Property and Equipment**

Property and equipment are recorded at cost or estimated fair market value on the date received. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, ranging from three to thirty-nine years.

### **Donated Property and Equipment**

Donations of property and equipment (in-kind contributions) are recorded as revenue at their estimated fair value at the date of donation. Such donations are reported as unrestricted support, unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support.

### Revenue Recognition

It is Habitat's policy to sell affordable housing with interest free mortgages. In accordance with generally accepted accounting principles, the mortgages receivable have been discounted based upon the prevailing market rates at the inception of the mortgage.

### **Impairment Loss**

For assets to be held and used, generally accepted accounting principles require the recognition of an impairment loss whenever events or changes in circumstances have indicated that an asset may be impaired and the future cash flows from that asset are less than the asset's carrying amount. The impairment loss is measured as the difference between the asset's carrying amount and its fair value.

During the years ended September 30, 2014 and 2013, Habitat recorded impairment losses of \$255,167 and \$223,107, respectively, which was recognized in the consolidated statements of activities and changes in net assets. Of the total impairment losses for the years ended September 30, 2014 and 2013, \$41,679 and \$5,412, respectively, related to land held for home sites and \$213,488 and \$217,695, respectively, related to construction in progress.

### **Donated Materials and Services**

Donations of building materials (in-kind contributions) are recorded at their estimated fair value at the date of donation.

### NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Significant Accounting Policies (Continued)**

### **Donated Materials and Services (Continued)**

Donated materials and professional services in the amount of \$1,463,563 and \$1,059,913 were recognized as contributed material and services for the years ended September 30, 2014 and 2013, respectively.

No amounts have been reflected in the consolidated statements of activities and changes in net assets for volunteer services because the criteria for recognition of such volunteer efforts under FASB guidance have not been satisfied. Nevertheless, volunteers have donated a substantial amount of their time to the program services of the Organization.

### **Program Services**

Program services include construction, family services, senior housing, and providing affordable home furnishings in the retail stores. The cost of home building or rehabilitation is charged to program services as the homes are completed and sold.

### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of functional expenses, and the consolidated statements of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

### **Income Taxes**

The Internal Revenue Service has determined that the Organization is exempt from federal income taxes under the provisions of Internal Revenue Code Section 501(c)(3). Accordingly, no provision for income taxes has been made in these financial statements.

Management of Habitat considers the likelihood of changes by taxing authorities in its exempt organization returns and discloses potential significant changes that management believes are more likely than not to occur upon examination by tax authorities. Management has not identified any uncertain tax positions in filed returns that require disclosure in the accompanying financial statements. Habitat is subject to income tax examination by the U.S. federal, state, or local tax authorities for 2011 forward, generally for a period of three years from the date the tax returns were filed.

### **Use of Estimates**

The preparation of consolidated financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Material estimates that are particularly susceptible to significant change in the near term related to the determination of the allowance for loan losses, the valuation of land and construction in progress and the determination of accrued construction rehab costs.

### NOTE 2. ESCROW CASH

Funds received from homebuyers prior to closing are held in escrow and restricted to closing costs on home sales. Habitat also holds funds in escrow as security deposits for its rental units. These escrow funds are recorded as cash with a corresponding liability in the consolidated financial statements as escrow accounts payable.

As of September 30, 2014 and 2013, Habitat held \$637,215, and \$871,165, respectively, in tax and insurance escrow funds. These assets, along with the corresponding liability, are not included on the consolidated statements of financial position.

### NOTE 3. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are those whose use by the Organization has been limited by donors to a specified purpose. Temporarily restricted net assets consisted of a pledge receivable of \$300,190 and \$414,473 as of September 30, 2014 and 2013, respectively, and is restricted for subsequent debt payments.

During the years ended September 30, 2014 and 2013, \$114,283 and \$108,865, respectively, was released from temporarily restricted net assets to unrestricted net assets.

### NOTE 4. PLEDGES RECEIVABLE

At September 30, 2014 and 2013, pledges receivable consisted of the following:

2014:	Temporarily Restricted		
Receivable in less than one year	\$ 135,000		
Receivable in one to five years	193,947		
·	 328,947

### NOTE 8. LEASE OBLIGATIONS

### **Operating Leases**

Habitat leases office equipment under non-cancelable operating leases with varying terms through September 2015. Rent expense under these leases was \$9,349 for the years ended September 30, 2014 and 2013.

Minimum future rental payments under the non-cancelable operating leases having a remaining term in excess of one year as of September 30, 2014, are:

Year ending September 30, 2015 \$ 9,349

### NOTE 9. LINES OF CREDIT

During the year ended September 30, 2014, the Organization entered into an unsecured line of credit of \$1,000,000 with a financial institution to maintain the day-to-day operating activity. The line of credit bears interest at 3.25%, and matures in October 2014. There is no outstanding balance at September 30, 2014.

In October 2014, the Organization entered into an unsecured line of credit of \$1,000,000 with a financial institution to maintain the day-to-day operating activity. The line of credit bears interest at 3.25%, and matures in October 2015.

During the year ended September 30, 2014, the Organization entered into a secured line of credit of \$1,000,000 with a financial institution to fund the single family affordable housing project. The line of credit bears interest at 3.25%, and matures in March 2015. The line of credit was secured by the assignment of notes and mortgages receivable. There is no outstanding balance at September 30, 2014.

### NOTE 10. LONG-TERM DEBT

### NOTE 11. ACCRUED CHINESE DRYWALL REMEDIATION COSTS

During the year ended September 30, 2010, the Organization discovered the presence of Chinese drywall in 28 homes that were constructed in the years 2006 to 2009. The Organization voluntarily elected to remediate all of the 28 homes, which started in November 2010. At September 30, 2014 and 2013, the Organization has 1 home that may still need remediation work. The Organization has estimated costs associated with the remediation of the homes and the costs to temporarily relocate the homeowners to be \$25,000 at September 30, 2014 and 2013. The Organization has accrued these costs in the consolidated statements of financial position at September 30, 2014 and 2013.

### NOTE 12. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that Organization has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially all of the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

### Assets Measured at Fair Value on a Recurring Basis

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by Habitat at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Habitat believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### NOTE 12. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, Habitat's assets at fair value as of September 30, 2014:

1	 Level 1	I	Level 2		Level 3		Total		
Mutual funds	\$ 252,239	_\$	-	\$	-		252,239		
Total assets at fair value	\$ 252,239	\$	-	\$	-	\$	252,239		

The following table sets forth by level, within the fair value hierarchy, Habitat's assets at fair value as of September 30, 2013:

•	Level 1		 Level 2		 Level 3		Total		
Mutual funds	\$	252,858	 \$	-	\$ -		,	252,858	
Total assets at fair value	\$	252,858	\$	-	\$ -	\$	,	252,858	

Following is a description of the valuation methodologies used for instruments measured at fair value on a non-recurring basis and recognized in the accompanying balance sheet, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Impaired loans: Loan impairment is reported when full payment under the loan terms is not expected. Impaired loans are carried at the fair value of collateral. A portion of the allowance for loan losses is allocated to impaired loans if the value of such loans is deemed to be less than the unpaid balance. If these allocations cause the allowance for loan losses to require increase, such increase is reported as a component of the provision for loan losses. Loan losses are charged against the allowance when management believes the uncollectibility of a loan is confirmed. When the fair value of the collateral is based on an observable market price or a current appraised value, the Organization records the loan impairment as nonrecurring Level 2.

Impaired land held for home sites: Land held for home sites impairment are reported when the current tax appraised values are less than its carrying amount, an impairment charge should be recorded to write down the carrying amount of such assets to its fair value. When the fair values of such assets are based on current tax appraised values, the Organization records the land held for homes sites as nonrecurring Level 2.

### Assets Measured at Fair Value on a Nonrecurring Basis

The following table presents the assets carried on the consolidated statements of financial position by caption and by level within the GAAP valuation hierarchy (as described above) as of September 30, 2014, for which nonrecurring change in fair value has been recorded during the year ended September 30, 2014.

		Carrying Value at September 30, 2014							
	Level 1	Level 2	Level 3	Total

### NOTE 13. MORTGAGE LOAN SERVICE AGREEMENT

Habitat services the mortgages it holds, handling the processing of mortgage payments and escrow accounts for the mortgages. In addition, Habitat also services mortgages totaling \$28,486,563 as of September 30, 2014 and \$20,494,843 as of September 30, 2013 that it sold to outside investors. These mortgages are not owned by Habitat and, therefore, are not reflected in the consolidated financial statements.

### NOTE 14. TITHE TO HABITAT INTERNATIONAL

Habitat annually remits a portion of its revenues to Habitat International. These funds are used to construct homes in economically depressed areas around the world. Habitat contributed \$132,123 and \$116,605 for the years ended September 30, 2014 and 2013, respectively. This amount is included in program services expense in the consolidated statement of functional expenses.

### NOTE 15. LEE COUNTY AND CITY OF CAPE CORAL CONTRACTS

During the year ending September 30, 2014, Habitat entered into various contracts with Lee County and the City of Cape Coral to construct or rehabilitate 10 single-family homes. These contracts were funded through the Florida State Housing Initiative Partnership Program.

### NOTE 16. CONCENTRATION OF CREDIT RISK

Habitat maintains cash balances at several financial institutions located in Southwest Florida. Accounts in each institution are insured by the Federal Deposit Insurance Corporation up to the statutory limit. At September 30, 2014 and 2013, Habitat's uninsured cash balances totaled \$413,279 and \$1,288,278, respectively.

### NOTE 17. MORTGAGE LOAN COMMITMENTS

When Habitat sells mortgages to third parties, it agrees with the buyer to replace any delinquent mortgage loan with a mortgage of approximately the same amount. The buyer of the loans must request that this be done. The mortgages summarized in Note 5 are subject to this replacement requirement.

### NOTE 18. RELATED PARTY TRANSACTIONS

The Organization paid \$33,432 and \$91,559 to a law firm that has a board member as a stockholder during the years ended September 30, 2014 and 2013, respectively.

The Organization paid \$1,000 to an accounting firm that has a board member as a stockholder during the years ended September 30, 2013.

The Organization maintains its operating account and money market account in a commercial bank that a board member is area president of. The Organization also has an unsecured line of credit with the same commercial bank (see Note 9).

### NOTE 19. RETIREMENT PLAN

Habitat's employees participate in a defined contribution plan sponsored by the Professional Employer Organization it uses to lease its employees. Employees eligible to participate in the plan must be at least 21 years of age and have three months of service. The plan allows for employee contributions which Habitat may match up to a maximum of 4% of eligible compensation. The employer match expenses for the years ended September 30, 2014 and 2013 are \$52,067 and \$42,728, respectively.

### NOTE 20. CONTINGENCY

Habitat is involved in a number of legal actions relating to delinquent mortgages. It is the policy of Habitat to foreclose or receive the residence by way of a deed in lieu of foreclosure. Habitat does not anticipate any losses to be incurred from any of these legal actions.

### NOTE 21. SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through December 15, 2014, the date on which the financial statements were available to be issued.

On December 12, 2014, the Organization sold 160 lots to a third party for a net sales amount of \$456,536.

Subsequent to yearend, the Organization has financed four truck vehicles for a cumulative total of \$176,751.
