Values

We believe in the unique power of community colleges, and the people and communities they reach and serve, to be the building blocks of a better future, capable of achieving the possibilities of a more just, equitable, and thriving world. We see our role as connectors, accelerators, problem-solvers, and trusted partners, serving as a hub for innovation and as an intermediary for transformative change at scale.

Innovation • Collaboration • Diversity, Equity and Inclusion • Strong Relationships Growth and Development • Shared Leadership • Shared Understanding • Shared Success
