To the Board of Directors of
Religious Coalition for Emergency Human Needs, Inc.

We have audited the accompanying financial statements of Religious Coalition for Emergency Human Needs, Inc. Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Religious Coalition for Emergency Human Needs, Inc. as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Religious Coalition for Emergency Human Needs, Inc.
Notes to Financial Statements
December 31, 2015 and 2014

1. NATURE OF ORGANIZATION

Religious Coalition for Emergency Human Needs, Inc. (the Coalition) is an ecumenical organization which coordinates donations of time, talent, money, food and other resources to meet the urgent needs of people in Frederick County. The Coalition is funded primarily by contributions. The services provided by the Coalition include, but are not limited to: prescription assistance, eviction prevention and the operation of a year round shelter and family shelter for the homeless.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Coalition maintains its accounting records and prepares its financial statements on the accrual basis of accounting, whereby revenue is recognized when earned and expenses are recognized when incurred.

Financial Statement Presentation - The financial statements are prepared in accordance with Financial Accounting Standards Board (FASB) ASC 958-205, which requires the Coalition to report information regarding its financial position and activities according to three classes of net assets.

Unrestricted Net Assets - net assets that are not subject to donor imposed stipulations.

Temporarily Restricted Net Assets - net assets subject to donor imposed stipulations that may or will be met, either by actions of the Coalition and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions. Contributions whose restrictions are satisfied in the same year as contributed are reported as unrestricted contributions.

Permanently Restricted Net Assets - net assets subject to donor imposed stipulations that they be maintained permanently by the Coalition to use all or part of the income earned on any related investments for general or specific purposes. The Coalition has no permanently restricted net assets.

Board designated net assets - As of December 31, 2015 and 2014, the Board of Directors has designated \$143,290 and \$238,918 of unrestricted net assets as a general endowment fund to support the mission of the Coalition.

As of December 31, 2015 and 2014, the Board of Directors has designated \$36,212 and \$51,104 of unrestricted net assets for the Shelter. These funds are maintained in separate certificates of deposit. Since these amounts resulted from an internal designation and are not donor-restricted, they are classified and reported as unrestricted net assets.

Notes to Financial Statements
December 31, 2015 and 2014

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Advertising - The Coalition expenses advertising costs as they are incurred. Total advertising expense for the years ended December 31, 2015 and 2014 were \$5,494 and \$2,182, respectively.

Cash and Cash Equivalents - Cash includes checking and money market accounts. For purposes of the statement of cash flows, the Coalition considers all highly liquid investments with maturities of three months or less to be cash equivalents.

Functional Expenses - The costs of the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Grants Receivable - Grants receivable are stated at the amount management expects to collect from outstanding balances. The Coalition considers grants receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible they will be charged to operations when that determination is made.

In-kind Donations - Contributions of noncash assets are recorded at their fair value in the period received. Contributions of services that would create or enhance nonfinancial assets or that require specialized skills, and are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair value in the period received.

Revenue Recognition - The Coalition's primary sources of revenue are derived from contributions and grants. Income is recognized in the period earned. Under FASB 958-605, contributions are recognized when received if they are related to the Coalition's central activities. Income from grants is recognized when earned during the grant period.

Estimates - The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. INCOME TAXES

The Coalition has been granted tax-exempt status by the Internal Revenue Service under Internal Revenue Code Section 501(c) (3) and is not a private foundation. Therefore, the Coalition is exempt from income taxes with the exception of taxes on any unrelated business income (UBIT). The Coalition has not received any notice from the Internal Revenue Service that would jeopardize its tax exempt status. There was no UBIT, and thus, no income taxes paid in the years ending December 31, 2015 and 2014.

Religious Coalition for Emergency Human Needs, Inc.
Notes to Financial Statements
December 31, 2015 and 2014

3. INCOME TAXES (continued)

The Coalition adopted the recognition requirements for uncertain income tax provisions as required by generally accepted accounting principles, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Coalition believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse affect on the Coalition's financial condition, results of operations, or cash flows. Accordingly, the Coalition has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2015 or 2014.

The Coalition is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Coalition believes it is no longer subject to income tax examinations for years prior to 2012.

4. INVESTMENTS

Investments are presented in the financial statements at fair market value. Investments consisted of the following at December 31:

	<u>2015</u>	<u>2014</u>

5. COMMUNITY FOUNDATION FUNDS

The Coalition established the shelter and endowment funds at the Community Foundation of Frederick County (Community Foundation). Since these funds resulted from an internal designation and are not donor-restricted, they are classified and reported as unrestricted net assets. The shelter fund was established to save money for the purchase and rehabilitation of a cold weather shelter. The endowment fund was established to provide support for the programs, client services and operations of the Coalition as determined by the Board of Directors. The Community Foundation manages the funds' investments and controls the funds' disbursements. The Coalition requests disbursements as needed from the shelter fund. Disbursements from the endowment fund are made annually in the amount of 5% of the fund's market value. The Coalition may choose to keep the disbursement or send it back to the fund as a contribution. In 2014, the Board of Directors closed the shelter fund with the Community Foundation.

The funds are recorded at their fair market values. The following is a summary of the funds' activity for the years ended December 31:

6. FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common stocks, corporate bonds and U.S. government securities – valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds – valued at the net asset value (“NAV”) of shares held by the Coalition at year end.

6. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Coalition believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Coalition's assets (investments) at fair value as of December 31:

	2015			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Community Fdn. Endowment fund	\$ 48,365	\$ -	\$ -	\$ 48,365
Certificates of deposit	167,315	-	-	167,315
	<u>\$ 215,680</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 215,680</u>
	2014

7. PROPERTY AND EQUIPMENT

Property and equipment are stated at cost and are depreciated using the straight-line method over the following estimated useful lives:

Building and improvements	15 - 40 years
Furniture and equipment	3 - 7 years

The Coalition capitalizes property and equipment purchases greater than \$1,000. Purchases less than this threshold are expensed in the year of acquisition. Depreciation expense was \$41,213 and \$42,812 for the years ended December 31, 2015 and 2014, respectively.

8. LONG-TERM LIABILITIES

Long-term liabilities consist of a \$90,000 non-interest bearing note payable to Frederick County, Maryland. The note represents funds received to construct the Alan P. Linton, Jr. Emergency Shelter. Repayment is not required as long as the Coalition owns the property and continues to utilize it for affordable housing. As long as these conditions are satisfied, payments of principal are deferred and the note will remain outstanding in perpetuity. Upon default, the entire principal becomes due and payable, interest free. As of December 31, 2015 and 2014, the Coalition is not in default.

9. OPERATING LEASES

The Coalition has an operating lease for an apartment on Market Street to house volunteers. The Coalition's lease arrangement is for a term of one year ending July 2016. The base rent is \$775 per month. Rent expense for the years ended December 31, 2015 and 2014, was \$9,300 and \$9,300, respectively. The Coalition is responsible for utilities and insurance. The future minimum rental payments due under the lease obligation for the year ended December 31: 2016 - \$5,425

The Coalition has an operating lease for a copier. The lease requires sixty monthly payments of \$235. Lease expense for the years ended December 31, 2015 and 2014 was \$2,820. The future minimum lease payments due under the lease obligation for the years ended December 31: 2016 - \$1,175.

The Coalition has an operating lease for the Family Shelter. The lease is for a term of five years beginning November 1, 2014 and ending October 31, 2019 although the Coalition has not begun occupying the space to date. The annual lease payment is \$10. The future minimum lease payments due under the lease obligation for the years ended December 31: 2016 - \$10, 2017 \$10, and 2018 - \$10 and 2019 - \$10.

11. RETIREMENT PLAN

On January 1, 2014, the Coalition adopted the Religious Coalition for Emergency Human Needs 401(k) Profit Sharing Plan and Trust. All employees are eligible to participate in the plan after completing three consecutive months of service and having reached twenty-one years of age. Employees are eligible for employer profit sharing contributions after completing one year of service and 1,000 hours of service. Under the plan participants are permitted to defer a portion of their salary up to the maximum allowed by law. The Coalition may make matching contributions to the plan equal to 100% of the deferral contribution up to a maximum of 3% of salary. Retirement expense for the year ended December 31, 2015 and 2014 was \$7,546 and \$5,603, respectively.

12. CONTRIBUTED MATERIALS AND SERVICES

A substantial number of unpaid volunteers have made significant contributions of their time to the establishment, development and operation of the Coalition. In accordance with FASB ASC 958-065, the value of this contributed time is not reflected in the financial statements since it is not susceptible to objective measurement or valuation and therefore, does not meet the criteria of FASB ASC 958-065. Contributed services meeting the criteria are recorded in the accompanying financial statements at their fair market value.

The Coalition also receives various donations of supplies to be either used by the Coalition or distributed to clients. For the years ended December 31, 2015 and 2014, management estimates the annual value of these items at \$127,172 and \$128,137, respectively. This amount has been recorded as a contribution with an offsetting expense.

In 2009, the Coalition received a donation of a family cemetery plot valued at \$3,000. In accordance with the Coalition's accounting policies, the plot was capitalized until such time that it is used or sold.

13. CONCENTRATION OF CREDIT RISK

Cash held by the Coalition in bank accounts may at times exceed the Federal Deposit Insurance Corporation (FDIC) coverage limit. Management believes the Coalition is not exposed to any significant credit risk related to cash.
