INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Food Bank of South Jersey, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Food Bank of South Jersey, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Food Bank of South Jersey, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and State of New Jersey Circular 15-08 OMB*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 7, 2021, on our consideration of Food Bank of South Jersey, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Food Bank of South Jersey, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Food Bank of South Jersey, Inc.'s internal control over financial reporting and compliance.

The accompanying notes are an integral part of the financial statements.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements

Note 1: ORGANIZATION

Food Bank of South Jersey, Inc. (the "Organization") is a non-profit organization operating in Pennsauken, New Jersey. The Organization redirects potentially wasted food to more than 200 member feeding organizations. Its primary mission is to eliminate hunger and malnutrition in Camden, Burlington, Gloucester and Salem counties through various programs.

Feedmore – The solicitation of donations of high quality nutritious surplus foods and non-essentials and providing these at a minimum cost to non-profit agencies who distribute them directly to the needy, the ill or infants. The Organization also assists in the development of agencies responsible for directly distributing food and non-food items and extends food bank services to underserved communities within the four counties served. Also, the Organization advocates the means that will eliminate hunger and malnutrition and the poverty that is their cause. The Organization is able to distribute donated and purchased food provided by grants and donated food by individuals, businesses, other non-profit organizations and federal and state government programs.

Health and Wellness – Providing the tools and resources necessary to the four counties served to ensure the people of those counties lead a sustainable healthy life. This is accomplished by hosting classroom instruction and hands-on cooking classes to teach nutritional awareness, implementing physical activity programs, and providing support that impacts the emotional well-being of the people being served.

Children and Seniors programs – The Organization has established several children and senior programs that include the following: the Kid's Café program which provides several sites where children can receive nutritionally balanced meals, the School Pantry that delivers food to selected schools, Summer Meals which provides breakfast and lunch to children throughout the summer, and the Twilight Harvest Box programs in which low-income seniors living in public housing can receive supplemental food boxes.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of financial statement presentation – The financial statements have been prepared on the accrual basis of accounting and in conformity with the standards promulgated by the American Institute of Certified Public Accountants in its audit guide for non-profit organizations. Financial statement presentation also follows the recommendations of the relevant accounting standards which require the Organization to report information regarding their financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Operating activities – Operating activities reflect all transactions increasing or decreasing net assets except those items associated with long-term investments such as contributions for endowment and facilities and equipment, investment returns in excess of amounts designated for current operations, and unrealized gains and losses on investments.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Food contributed and distributed – During the year, the Organization distributed 5.5 million pounds of donated food without donor restrictions to qualified charitable feeding programs. Furthermore, approximately 11.5 million pounds of food was received from the U.S. Department of Agriculture under The Emergency Food Assistance Program (TEFAP), Trade Mitigation (TM), Coronavirus Food Assistance Program (CPAP), Coronavirus Aid, Relief, and Economic Security (CARES) Act, Families First Coronavirus Response Act (FFCRA), and the Commodity Supplemental Food Program (CSFP) and was distributed to qualified charitable feeding programs.

In the accompanying financial statements, food donations without donor restrictions are valued at \$1.74 and \$1.62 per pound for the years ended December 31, 2020 and 2019, respectively, based on a study completed by Feeding America, Inc. Food received under TEFAP is valued by weight at approximately \$1.02 and \$0.88 per pound for the years ended December 31, 2020 and 2019, respectively, based on the USDA Commodities File Report.

In additions, Food Bank of South Jersey, Inc. is the recipient of a NJ State Food Purchase Program (SFPP) grant in which it receives money to purchase and distribute food. Approximately 658,000 and 843,000 pounds of food was distributed through this program for the years ended December 31, 2020 and 2019, respectively.

Cash and cash equivalents – For the purpose of the statement of cash flows, cash and cash equivalents includes unrestricted time deposits and highly liquid debt instruments with original maturities of three months or less.

Restricted cash – Amounts classified as restricted cash represent deposits received for the State Food Purchase Program and the Emergency Food and Shelter Program.

Investments – The Organization carries investments in marketable securities at their fair values. Investment income or loss (including realized gains and losses on investments, interest, and dividends), is included in the excess of revenue over expenditures.

Accounts receivable – The Organization's accounts receivable consists primarily of amounts due from agencies, less an allowance for doubtful accounts. The amount of the allowance for doubtful accounts is a significant estimate used in preparing these financial statements, and it is at least reasonably possible that the amount of the estimate will change within the next year.

Grants receivable – The Organization's grants receivable consists primarily of amounts due from federal and state agencies.

Promises to give – Unconditional promises to give are recognized as revenue in the period received and as assets. They are stated at net realizable value. Conditional promises to give are recognized only when the conditions, on which they depend, are substantially met and the promises become unconditional. The Organization did not have conditional promise to give at December 31, 2020 and 2019.

Certificates of deposit – Certificates of deposit with original maturities greater than three months that are not debt securities are presented separately from other investments. Those with original maturities greater than three months and remaining maturities less than one year are classified as short-term. Those with remaining maturities greater than one year are classified as non-current.

Restricted assets – Restricted assets consist of cash and cash equivalents, the use of which is restricted by various funding requirements.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property and equipment – Land, buildings and building improvements, furniture, equipment and transportation equipment are recorded at cost, except for donated items which are recorded at the fair market value on the date of donation. Depreciation is provided over the estimated useful lives of the assets using the straight-line method. The estimated useful lives are as follows:

Building and building improvements	10-40 years
Furniture, equipment and transportation equipment	5-10 years

Repairs and maintenance, which do not extend the useful lives of the related assets, are expensed as occurred.

Compensated absences – Employees of the Organization are entitled to paid vacation, paid sick days and personal days off depending on scheduled work hours, length of service and other factors. Days earned are accrued annually as an expense. At December 31, 2020 and 2019, the Organization had accrued vacation totaling \$88,012 and \$56,195, respectively. This amount is included in “accounts payable and accrued expense” on the balance sheet.

Net assets – Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for donated food inventory.

Net assets with donor restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Inventory – The Organization maintains a substantial quantity of food items in inventory at all times. This inventory consists primarily of USDA and state donated commodities (valued at approximately \$1,164,851 and \$1,382,391 for the years ended December 31, 2020 and 2019, respectively) and other foods and goods donated by third-party suppliers valued at approximately \$702,523 and \$839,947 for the years ended December 31, 2020 and 2019, respectively. Donated inventory items were valued at \$1.74 and \$1.62 per pound for the years ended December 31, 2020 and 2019, respectively, which is the approximate average wholesale value of one pound of donated product at the national level as outlined in the *Product Valuation Survey Methodology*, June 2016 prepared by Feeding America, a national food bank network nonprofit corporation. RSM US LLP, an international accounting firm, has performed certain agreed-upon procedures in accordance with standards established by the American Institute of Certified Public Accountants solely to assist Feeding America with respect to determining the approximate average wholesale value of one pound of donated product at the national level. Their report is available upon request. USDA commodities are valued at \$1.02 and \$0.88 per pound for the years ended December 31, 2020 and 2019, respectively.

In addition, inventory is recorded at cost and includes food items purchased for sale in the Co-Op program, for Kids' Café program, or direct distribution. This inventory amount was \$963,224 and \$79,759 for the years ended December 31, 2020 and 2019, respectively.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Refundable advances – Refundable advances includes amounts received as grants that are potentially due back to the grantor if conditions aren't met.

Advertising expense – The Organization uses advertising to promote its programs among the audience it serves. The costs of advertising are expensed as incurred. Advertising expense was \$52,482 and \$34,480 for the years ended December 31, 2020 and 2019, respectively.

Functional expense allocation – The costs of providing program and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among program services and support services. Such allocations are determined by management on an equitable basis. Salaries and wages, payroll taxes, and employee benefits are allocated based on estimates of time and effort. All other expenses are allocated based on the food distribution percentage of each program.

Income taxes – The Organization claims exemption from federal and state income taxes under section 501(c)(3) of the Internal Revenue Code, and accordingly, do not record a provision for income taxes on related income.

The Organization regularly reviews and evaluates its tax positions taken in previously filed information returns and as reflected in its financial statements, with regard to issues affecting its tax exempt status, unrelated business income, and related matters. The Organization believes that in the event of an examination by taxing authorities, the Organization's positions would prevail based upon the technical merits of such positions. Therefore, the Organization has concluded that no tax benefits or liabilities are required to be recognized in accordance with the new requirements.

Revenue recognition

- Grants – Grant revenue includes federal, state, and county grant funding based on grant agreements. The Organization recognizes revenue as eligible expenditures are incurred. Advances from government agencies are recorded as deferred liabilities. Eligible expenditures incurred in excess of grant fund reimbursements are recorded as receivables. Any of the funding sources may, at their discretion, request reimbursement for expenses or return of funds, or both as a result of any noncompliance with the terms of the grant.
- Corporation and foundation grants – The Organization also receives grants from corporations and foundations. These grants may have certain requirements that must be met in order for the organization to recognize the related revenue. When such requirements are not met, any advances are classified as liabilities in the statement of financial position.
- Donated food – Donated food is accounted for by weight throughout the year and valued at year-end using the weighted-average wholesale value per pound of food, as determined by an annual study performed by Feeding America (a national organization for food banks).
- Shared maintenance – The Organization solicits and distributes donated food to qualified agency charitable feeding programs. These agencies support the Donated Food program by contributing approximately \$0.18 per pound in shared maintenance in 2019 and through mid-March 2020, when it was eliminated due to the COVID-19 pandemic..

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Revenue recognition (continued)

- Cooperative food sales – The Organization operates a cooperative buying program for its member agencies, where we purchase needed items in large quantities and then resell the food to the member agencies. The Coop Program helps supplement the donated food inventory, enabling the Organization to meet most of the food needs of its member agencies. Due to the COVID-19 pandemic, this food was distributed at no cost to our member agencies.
- Contributions – The Organization records contributions when received as with or without donor restrictions, depending on the existence or nature of any donor restrictions. All donor support is reported as an increase in net assets with or without donor restrictions depending on the nature of the restriction. When a time restriction expires, or when a use restriction is met, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Contributions with donor restrictions whose restrictions are met within the same year as received are reflected as contributions without restrictions in the accompanying financial statements.
- Special events – Revenue from special events is recorded equal to the cost of direct benefits to donors and contribution revenue is recognized for the difference.
- Donated services and in-kind donations – Volunteers contribute significant amounts of time to program services, administration, and fundraising and development activities. However, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation and are reported as without donor restrictions unless explicit donor stipulations specify how donated assets must be used.
- Other revenues – The Organization distributes food to qualified agencies and charges delivery fees as food is distributed. In addition, the Organization teaches nutrition classes and earns related revenue based on individual corporate agreements.

New accounting pronouncements

Leases – Issued in February 2016, Accounting Standards Update (ASU) No. 2016-02 requires lessees to recognize right-of-use assets and lease liabilities on the balance sheet for the rights and obligations created by all leases with terms of more than 12 months. This new accounting will apply to both types of leases—capital (or finance) leases and operating leases. Previously, generally accepted accounting principles have required only capital leases to be recognized on lessee balance sheets. The standard will take effect for fiscal years beginning after December 15, 2021, and for interim periods within fiscal years beginning after December 15, 2022. Early application is permitted. The Organization is assessing the potential impact this guidance will have on its financial statements.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

New accounting pronouncements (continued)

Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets – Issued in September 2020, Accounting Standards Update (ASU) No. 2020-07 improves generally accepted accounting principles (GAAP) by increasing the transparency of contributed nonfinancial assets for not-for-profit (NFP) entities through enhancements to presentation and disclosure. The amendments in this Update address certain stakeholders’ concerns about the lack of transparency about the measurement of contributed nonfinancial assets recognized by NFPs, as well as the amount of those contributions used in an NFP’s programs and other activities. The standard will take effect for fiscal years beginning after June 15, 2021, and for interim periods within fiscal years beginning after June 15, 2022. Early adoption is permitted. The Organization is assessing the potential impact this guidance will have on its financial statements.

Note 3: **CASH**

Cash consists of the following:

	<u>December 31,</u>	
	<u>2020</u>	<u>2019</u>
Unrestricted – cash in bank	\$ 8,974,472	\$ 806,117
Restricted – State Food Purchase Program and Emergency Food and Shelter Program	<u>69,617</u>	<u>204,663</u>
	<u>\$ 9,043,789</u>	<u>\$ 1,010,780</u>

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 4: LIQUIDITY AND AVAILABILITY

The Organization strives to maintain financial assets to meet 90 days of operating expenses. As part of its liquidity plan, excess cash is invested in certificates of deposits and investments.

The Organizations financial assets available within one year to meet cash needs for general expenditures are as follows at December 31:

	<u>2020</u>	<u>2019</u>
Financial assets:		
Cash	\$ 9,043,789	\$ 1,010,780
Accounts receivable	194,201	234,126
Grants receivable	1,167,937	1,114,405
Certificates of deposit	<u>15,859</u>	<u>15,854</u>
Total financial assets	10,421,786	2,375,165
Less amounts not available to be used within one year:		
Restricted cash	(69,317)	(204,663)
Net assets with donor restrictions – purpose restricted	<u>(1,154,689)</u>	<u>(85,000)</u>
Financial assets available within one year to meet cash needs for general expenditures within one year	<u>\$ 9,197,780</u>	<u>\$ 2,085,502</u>

As described in Note 3 to the financial statements, the Organization is required to maintain certain separate accounts under its regulatory agreement.

Note 5: PROPERTY AND EQUIPMENT

Property and equipment consists of the following:

	<u>December 31,</u>	
	<u>2020</u>	<u>2019</u>
Land	\$ 435,462	\$ 435,462
Building and improvements	5,283,134	5,010,028
Furniture and office equipment	1,457,571	1,022,353
Transportation equipment	<u>313,135</u>	<u>313,135</u>
	7,489,302	6,780,978
Less accumulated depreciation	<u>3,034,714</u>	<u>2,729,357</u>
Net property and equipment	<u>\$ 4,454,588</u>	<u>\$ 4,051,621</u>

Depreciation expense was \$307,538 and \$262,827 for the years ended December 31, 2020 and 2019, respectively.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 6: RETIREMENT PLAN

The Food Bank of South Jersey, Inc. has in effect a retirement plan covering all eligible employees. Full time employees are eligible after one full year of service. The Food Bank's contribution was \$111,845 and \$56,522 for the years 2020 and 2019, respectively, which is included in employee benefits.

Note 7: NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are available for various purposes from the following donors:

	December 31,	
	2020	2019
Food purchase	\$ 100,000	\$ 50,000
Time restriction	95,431	35,000
Infrastructure with pantries	25,000	-
Health and Wellness program	45,800	-
COVID-19 response	888,458	-
	\$ 1,154,689	\$ 85,000

Net assets released from restrictions during the year were \$85,000 and \$160,000 for grants whose donor restrictions were met during the years ended December 31, 2020 and 2019, respectively.

Note 8: NOTES PAYABLE

Notes payable consist of the following at:

	As of December 31,	
	2020	2019
On June 6, 2013, the Organization secured a note payable in the amount of \$3,000,000 for the expansion of warehouse and office facilities. The loan is due in monthly installments of \$15,932, including interest at a fixed rate of 4% over a term of ten years. The loan is secured by all organization assets.	\$ 2,392,678	\$ 2,484,523
Automobile loan	6,485	8,827
	2,399,163	2,493,350
Less unamortized loan costs	9,372	9,907
Notes payable, less unamortized loan costs	2,389,791	2,483,443
Less current portion	98,699	94,449
Long-term portion	\$ 2,291,092	\$ 2,388,994

Total interest expense in 2020 and 2019 for notes payable was \$99,793 and \$102,920, respectively. Amortization of debt issuance costs amounted to \$530 in both 2020 and 2019.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 8: NOTES PAYABLE (continued)

Scheduled principal payments for the notes payable as of December 31, 2020 are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2021	\$ 98,699
2022	102,858
2023	<u>2,197,606</u>
	<u>\$ 2,399,163</u>

Note 9: PPP LOAN

On April 23, 2020, the Organization received a loan in the amount of \$461,000 under the Payroll Protection Program ("PPP Loan"). The loan accrues interest at a rate of 1% and has an original maturity date of two years which can be extended to five years by mutual agreement of the Organization and the Small Business Administration ("SBA"). The PPP loan contains customary events of default relating to, among other things, payment defaults and breaches of representations and warranties.

Under the terms of the loan, a portion or all of the loan is forgivable to the extent the loan proceeds are used to fund qualifying payroll, rent, and utilities during a designated twenty-four week period. Payments are deferred until the SBA determines the amount to be forgiven. The Organization intends to utilize the proceeds of the PPP loan in a manner which will enable the qualification as a forgiven loan. However, no assurance can be provided that all or any portion of the PPP loan will be forgiven. The balance of this PPP loan was \$461,000 as of December 31, 2020 and has been classified as a long-term liability on the statements of financial position. See also note 15 to the financial statements.

Note 10: LINE OF CREDIT

The Organization was granted a line of credit in the amount of \$1,000,000 with an interest rate of 4% that matures on January 1, 2022. At December 31, 2020 and 2019, \$0 and \$0 was drawn on the line, respectively. The line is secured by a security interest in all business assets and an unsecured second mortgage on the property owned by the Organization. The Organization is in compliance with the financial covenants of the line of credit agreement. Total interest expense was \$0 and \$1,582 at December 31, 2020 and 2019, respectively.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 11: OPERATING LEASE COMMITMENTS

The Organization has several non-cancelable operating leases for office equipment, warehouse equipment, and vehicles, which expire at various dates through December 2023.

As of December 31, 2020, the future minimum lease payments under non-cancelable operating leases are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2021	\$ 88,358
2022	14,091
2023	<u>5,853</u>
	<u>\$ 108,302</u>

Rental expense was \$243,846 and \$182,836 for the years ended December 31, 2020 and 2019, respectively.

Note 12: CONCENTRATION OF CREDIT RISK

The Organization maintains its cash in bank accounts and other financial institutions, which, at times may exceed federally insured limits or collateralized amounts. The Organization has not experienced any loss in such accounts. As of December 31, 2020 and 2019, the Organization had uninsured cash balances of \$8,585,143 and \$475,770, respectively.

Note 13: CONTINGENCY

The financial information and conditions included in these financial statements and supplemental information is subject to possible audit by the New Jersey Department of Agriculture which administers both major programs, and other grantors. Failure to fulfill the conditions of the grant could result in the return of funds to the grantors and loss of future grants. Management deems the contingency remote and believes that it has either complied with the conditions of the grants or has implemented appropriate corrective action, where necessary.

The Organization is occasionally involved in certain legal claims arising in the ordinary course of operations. In the opinion of management, all matters are adequately covered by insurance or are without merit.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to the Financial Statements (continued)

Note 14: COVID-19

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a “Public Health Emergency of International Concern,” which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could continue to have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak.

The Organization has seen a high level of support during the pandemic ending this year with a surplus of \$7,166,336 and cash of \$9,043,789. Part of the increase in support was used this year to respond to the economic impact of the pandemic. The Organization saw a spike in the number of those facing hunger as a result of the economy shutting down and the slow economic recovery for those hardest hit. 40% of the individuals who came to the Organization’s distributions were first-time recipients. Also impacted are children who lost access to school meals and isolated seniors. In 2020, the Organization distributed 45% more groceries and 998,991 children’s meals. The Organization expects to use most of the current surplus to support the COVID-19 response for the next 18 to 24 months. Several factors have and will continue to require the Organization to purchase huge quantities of food in the coming months to meet increased need in the communities. Anticipated expenses to purchase food in the near term may triple historical requirements. Financial assets on hand will help the Organization meet extraordinary needs. The concern remains on funding the anticipated higher need in the years beyond. The previous downturn took nearly a decade to see an economic recovery for the Organization’s client population. However, the pandemic remains a rapidly evolving situation. The extent of the impact of COVID-19 on community financial support and demand for the Organization’s services and resources will depend on future developments, including the duration and spread of the outbreak, both of which are highly uncertain.

Note 15: SUBSEQUENT EVENTS

On February 16, 2021, the SBA forgave Food Bank of South Jersey, Inc.’s \$461,000 loan balance.

Subsequent events were evaluated through July 7, 2021, the date the financial statements were available to be issued.

**FOOD BANK OF SOUTH JERSEY, INC.
REPORTS AND SCHEDULES REQUIRED BY GOVERNMENT
AUDITING STANDARDS AND THE SINGLE AUDIT ACT**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees of
Food Bank of South Jersey, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Food Bank of South Jersey, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated July 7, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Food Bank of South Jersey, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Food Bank of South Jersey, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Food Bank of South Jersey, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Food Bank of South Jersey, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND
STATE OF NEW JERSEY CIRCULAR 15-08 OMB**

To the Board of Trustees of
Food Bank of South Jersey, Inc.

Report on Compliance for Each Major Federal and State Program

We have audited Food Bank of South Jersey, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and *OMB New Jersey State Grant Compliance Statement* that could have a direct and material effect on each of Food Bank of South Jersey, Inc.'s major federal and state programs for the year ended December 31, 2020. The Food Bank of South Jersey, Inc.'s major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Food Bank of South Jersey, Inc.'s major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State of New Jersey Circular 15-08 OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, the Uniform Guidance, and State of New Jersey Circular 15-08 OMB require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Food Bank of South Jersey, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Food Bank of South Jersey, Inc.'s compliance.

Opinion on Each Major Federal and State Program

In our opinion, Food Bank of South Jersey, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of Food Bank of South Jersey, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Food Bank of South Jersey, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Food Bank of South Jersey, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying Notes to Financial Statements and Notes to the Schedule of Expenditures of Federal Awards and State Financial Assistance are an integral part of this schedule.

FOOD BANK OF SOUTH JERSEY, INC.
Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance
For the Year Ended December 31, 2020

Note 1: GENERAL

The accompanying schedule of expenditures of federal awards and state financial assistance present the activity of all federal and state award programs of the organization. All federal and state awards, with current year activity, received directly from federal, state, and local agencies, as well as federal and state awards passed through other government agencies, are included in the schedule.

Note 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal awards and state financial assistance are presented using the accrual basis of accounting. This basis of accounting is described in Note 2 to the organization's financial statements. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Organization has elected not to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

Note 3: RELATIONSHIP TO FINANCIAL STATEMENTS

Amounts reported in the accompanying schedule agree, in all material respects, with the amounts reported in related federal and state financial statements.

Note 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree, in all material respects, with the amounts reported in related federal and state financial reports. However, the basis of accounting prescribed by the pass-through agency for the preparation of expenditure reports is different than the accrual basis of accounting. The basic difference between the two bases of accounting is that the equipment purchased with program funds are included as expenditures in the expenditure reports, while GAAP requires these items to be capitalized and depreciated over their useful lives.

Note 5: MAJOR PROGRAMS

Major programs are identified in the Summary of Auditor's Results section of the Schedule of Findings and Questioned Costs.

**FOOD BANK OF SOUTH JERSEY, INC.
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2020**
