A LETTER FROM OUR FOUNDER & CEO

Dear Partner in Mental Health,

I am writing to you today to share the journey of Wellness Together, a mission that is very personal to me. My own experiences as a school counselor in the early 2000s opened my eyes to a critical gap in our educational system – the urgent need for effective mental health support for our students. This realization was not just a moment of awareness, but a call to action that led to the founding of Wellness Together.

At Wellness Together, we have committed ourselves to being a beacon of hope and support, providing accessible and effective mental health services to individuals and families across communities. Since our founding in 2016, our team of highly skilled clinicians, has provided in-person & on-campus services to students. A year later, we took a significant step by adopting telehealth, ensuring that no student, regardless of their location, was left without access to the support they need when they need it. Wellness Together's influence extends beyond direct service; we have actively contributed to shaping mental health policies at both state and federal levels, advocating for change that reaches far and wide.

The challenges brought by the Covid-19 pandemic only strengthened our resolve. We quickly adapted by increasing uninterrupted telehealth services to students and families. Expanding our scope, we launched initiatives like HearYou.org and Mind Out Loud, extending support to educators and amplifying youth voices in mental health advocacy. We established Wellness Education Lab (WEL), furthering our mission, providing free mental health training on a global scale. These efforts are a testament to Wellness Together's unwavering commitment to confronting mental health challenges, fostering awareness, and advocating for the transformative power of accessible mental health support.

I invite you to join us in this important mission. Your continued support ensures measurable, sustainable, and life saving outcomes for those we are partnering to serve.

With gratitude,

Marlon Morgan M.A., LPCC, PPSC
Founder & CEO, Wellness Together

OUR MISSION

Wellness Together is the leader in student mental health awareness, advocacy, and access.

Our mission is to deliver effective and accessible mental health services for individuals & families *everywhere*.

Wellness Together is a 501(c)3 non-profit organization

WHY WE DO IT

Students across the country are suffering from anxiety, depression, and loneliness.

They need the support of qualified mental health professionals.

In 2021,

29%

of high school students
experienced poor mental
health during the past 30 days.

Nearly

60%

female students

&

Nearly

70%

LGBTQ+ students

experience persistent feelings of sadness or hopelessness

Centers for Disease Control and Prevention. (2023). YRBS Data Summary & Trends Report 2023.

WE CAN'T THINK OUR WAY TO A BETTER TOMORROW

“Mental health challenges in children, adolescents and young adults are real and widespread. Even before the pandemic, an alarming number of young people struggled with feelings of helplessness, depression, and thoughts of suicide... The future well-being of our country depends on how we support and invest in the next generation.”

- Vivek H. Murthy, M.D., M.B.A.
Surgeon General of the United States

Murthy, V. H. (2021). [Statement on mental health challenges in children, adolescents, and young adults]. New Jersey School Boards Association. Retrieved from <https://www.njsba.org>

WHAT WE DO

Wellness Together is proud to offer:

School-Based Therapy

Wellness Together's school-based therapy program places Mental Health Specialists on school campuses to provide crisis intervention, and individual and group counseling to students. Meeting the mental health needs of school communities through skills, clinically-trained professionals

Mind Out Loud (MOL)

Mind Out Loud is Wellness Together's youth-led student mental health advocacy program. Amplifying the student voice through a free annual event, monthly workshops, and student rep program.

HearYou.org

HearYou.org offers secure online counseling to educators, employees, and individuals across California and New York. HearYou.org provides flexible employee wellness solutions for schools and organizations.

Wellness Education Lab (WEL)

WEL is a FREE online practical & empowering mental health training for students (13+), parents/guardians, and educators/school staff. Created by youth mental health industry experts, this evidence-based resource is informing schools and organizations across the country.

Laughing Together

Laughing Together offers FUN and engaging learning experiences for professionals, teams, groups, and school communities. Created by professional improv teachers and licensed therapists, Laughing Together's workshops bring comedy and mental health together using evidence-informed curricula.

Annual Student Mental Wellness Conference (SMWC)

The largest international student mental health advocacy conference, the Student Mental Wellness Conference (SMWC) gathers policy-makers, school leaders, mental health professionals, and educators from around the world. Held in partnership with the California Department of Education.

WHO WE SERVE

Every student deserves access to culturally competent, effective therapy.

Since 2016, Mental Health Specialists have facilitated

110,000+

counseling sessions with
students & families.

*We believe that mental health support is an
integral part of education.*

A young child with curly hair, wearing a light blue shirt, is smiling and looking towards the camera. They are sitting at a desk in a classroom, with other students and a teacher visible in the background, though they are out of focus. The background is a soft, warm-toned classroom environment.

SCHOOL-BASED THERAPY PROGRAM

In the 2022-2023 school year, we
partnered with school districts to
expand access to mental health services
and supports to:

145,730+
K-12 Students

20,300+
College Students

33,390+
Educators

HearYou.orgTM

Online Counseling

HearYou.org partners with school districts, counties, and organizations to provide care to thousands of individuals, children, and families.

Over
17,600
therapy sessions provided to
2,000+
individuals and families.

WEL™

WellnessEdLab.org

Wellness Together, in partnership with the California Department of Education, launched Wellness Education Lab (WEL) in Spring 2023.

WEL is a practical and empowering **FREE** online mental health training *for students (13+), parents/guardians, and educators/school staff.*

WEL's evidence-based trainings include:

Rethinking ANXIETY

This interactive training helps students (13+), parents/guardians, and educators/school staff learn practical ways to manage anxiety and better understand ways anxiety can be used to help overcome challenges.

Mental Health FOUNDATIONS

This interactive training helps students (13+), parents/guardians, and educators/school staff increase mental health literacy, focusing on five building blocks of mental health.

Laughing Together

Laughing Together, introduced in September 2023, is an innovative new program that expands mental health awareness through comedy shows and research-informed workshops.

APARNA NANCHERLA

RAINN WILSON

Workshops

- Professional development for school communities
- Team building and staff development for organizations

Comedy Shows

- Headlining comedians
- Benefiting student mental health

CHRIS GETHARD

Laughing Together's inaugural comedy show launched at the 7th Annual Student Mental Wellness Conference in September 2023, hosted headlining artists to promote mental health awareness.

WELLNESS TOGETHER

Student Mental Wellness Conference

Our mission extends beyond the classroom and into policy, to proactively influence the systems that impact our children.

The Student Mental Wellness Conference connects school leaders, policymakers, and mental health providers around the world to unify and lead the global student mental health movement.
