INDEPENDENT AUDITOR'S REPORT

September 1, 2020

To the Board of Directors
Lower Cape Outreach Council, Inc.
Orleans, Massachusetts

We have audited the accompanying financial statements of Lower Cape Outreach Council, Inc. (a non profit organization), which comprise the statements of financial position as of December 31, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lower Cape Outreach Council, Inc. as of December 31, 2019, and the change in its net assets and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

December 31, 2019

(See Independent Auditor's Report)

Note 1 - Nature of Organization:

Lower Cape Outreach Council Inc., (the "Organization") was formed in 1980 to provide emergency assistance of food, clothing and financial support to individuals and families in Brewster, Chatham, Eastham, Harwich, Orleans, Provincetown, Truro and Wellfleet which will lead to healthy, productive and self-sustaining lives as part of the Cape Cod community.

Note 2 – Summary of Significant Accounting Policies:

Financial Statement Presentation - The financial statements are presented in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958-205, Presentation of Financial Statements of Not-For-Profit-Organizations. Under FASB ASC 958-205 the Organization is required to classify its financial position and activities based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified as follows:

Net assets without restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's Board of Directors (the "Board") may designate assets without restrictions for specific operational purposes from time to time.

Net assets with restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

As of December 31, 2019, the Organization had no net assets with restrictions.

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Contributions - Contributions received are recorded as net assets without restrictions or net assets with restrictions, depending on the existence and/or nature of any donor-imposed restrictions. As permitted, the Organization reports contributions with donor-imposed restrictions as without restriction when the restrictions are met in the same reporting period as received.

Use of Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Advertising - The Organization follows the policy of charging the costs of advertising and publicity to expense as incurred.

Notes to Financial Statements

(See Independent Auditor's Report)

Cash and Cash Equivalents - For the purpose of the statement of cash flows, the Organization considers all unrestricted highly liquid investments be cash equivalents.

Contributed Services - The Organization received services from volunteers and donated materials used in rendering services to its clients. The estimated fair value of contributed services and materials is not reflected in these statements since it is not susceptible to objective measurement or valuation.

Functional Allocation of Expenses - Expenses benefiting more than one functional area are allocated based on estimated usage for each area. Expenses allocated are shown at Statement of Functional Expenses.

Subsequent Events - The Organization evaluated subsequent events for potential required disclosures through September 1, 2020, which is the day the financial statements were available to be issued.

Investments - The Organization's investments in equity securities with readily determinable fair market values and all investments in debt securities are valued at fair market value in the statement of financial position. Unrealized gains and losses are included in the statement of net assets and the statement of activities. Investments are stated at market, valuation being determined by national stock exchanges.

Fair Value Measurement - The Organization values its investments in accordance with the FASB ASC 820, Fair Value Measurement and Disclosure, which defines fair value as the price that the Organization would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 - quoted prices in active markets for identical investments

Level 2 - other significant observable inputs (including quoted prices for similar investments in active markets, interest rates, prepayment speeds, credit risk, etc).

Level 3 - significant unobservable inputs (including the Organization's own assumptions in determining the fair value of investments)

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, the Organization utilizes techniques that maximize the use of observable inputs and minimizes the use of unobservable inputs to the extent possible.

At December 31, 2019 the amount in excess of the FDIC insured limit was \$81,378. This excess limit was insured by the Depositors Insurance Fund (“DIF”), a private, industry-sponsored insurance fund.

Note 5 - Income Taxes:

The Organization is a nonprofit corporation under Section 501 (c)(3) of the Internal Revenue Code and Massachusetts law. It is exempt from income tax except on net income that is derived from unrelated business activities, of which there was none.

Note 12 - Investments-Endowment:

The purpose of the Board Designated Endowment is to provide for the long term stability of the Organization. The funds in this account are designated to generate annual income that will supplement the annual budget. All future contributions and share value fluctuations as well as 50% of the capital gains and dividend distributions remain in the fund. Principal distributions occur on an emergency basis and are subject to an affirmative vote of two thirds of both the finance committee and the board. The investment policy is to use mutual funds to provide for the long term well-being of the Organization by diversifying risk while also generating income to provide for near term operational needs.
