INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of The Corporation for Jefferson's Poplar Forest and Subsidiary Forest, Virginia

We have audited the accompanying consolidated financial statements of The Corporation for Jefferson's Poplar Forest and Subsidiary (the "Corporation") which comprise the consolidated statements of financial position as of December 31, 2014 and 2013, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Corporation for Jefferson's Poplar Forest and Subsidiary as of December 31, 2014 and 2013, and the changes in their net assets and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2014

Note 1. Summary of Significant Accounting Policies

The mission of The Corporation for Jefferson's Poplar Forest (the "Corporation") is to preserve Thomas Jefferson's personal retreat and to inspire the public to explore his enduring legacy and his belief in the boundless freedom of the human mind. The Corporation solicits individuals, corporations, and foundations for contributions and grants.

The consolidated financial statements of the Corporation have been prepared on the accrual basis.

Principles of consolidation:

The consolidated financial statements include the accounts of the Corporation and its wholly owned subsidiary, Poplar Forest Swim and Tennis Club, Inc. The Swim and Tennis Club was operating on the tract of land immediately west of the Jefferson house prior to 1993 when the Corporation purchased that historic property. Poplar Forest Swim and Tennis Club, Inc. was dissolved in July 2014 and its assets transferred to the Corporation. All significant intercompany transactions have been eliminated.

Estimates:

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from the estimates that were used.

Classification of net assets:

The Corporation's net assets have been grouped into the following three classes:

Unrestricted Net Assets – Unrestricted net assets generally result from revenues derived from providing services, receiving unrestricted contributions, recognizing unrealized and realized gains and losses, and receiving dividends and interest from investing in income-producing assets; less expenses incurred in providing services, raising contributions, and performing administrative functions.

Temporarily Restricted Net Assets – Temporarily restricted net assets generally result from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Corporation pursuant to those stipulations.

Permanently Restricted Net Assets – Permanently restricted net assets generally result from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that neither expire nor can be fulfilled or otherwise removed by the Corporation.

Historic collections:

Works of art, antiques, and historical treasures are recorded at cost, if purchased or at their fair value at the date of gift. These collections do not include archaeological or architectural artifacts.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2014

Note 1. Summary of Significant Accounting Policies (Continued)

Classification of gifts:

The Corporation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends and/or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The Corporation reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Corporation reports expirations of donor restrictions as unrestricted when the donated or acquired long-lived assets are placed in service.

Cash and cash equivalents:

The Corporation considers cash and cash equivalents to include cash on hand and temporary investments purchased with an original maturity of three months or less.

The Corporation maintains deposits in financial institutions that at times exceed amounts covered by the U. S. Federal Deposit Insurance Corporation (FDIC). Management believes no significant risk exists with respect to these deposits.

Investments:

Investments are reported at fair value. Net unrealized and realized gains and losses are reflected in the statements of activities. Gifts of investments are recorded at their fair value as of the date of gift.

Inventory:

Inventory of the Museum Shop is stated at the lower of cost or market on a first-in, first-out basis.

Property and equipment:

Property and equipment are stated at cost at the date of acquisition or fair value at the date of donation, in the case of gifts, less accumulated depreciation. Restoration costs are capitalized and depreciated while repairs and maintenance are charged to expense in the year incurred. The original costs of historic buildings are not depreciated. Depreciation of buildings and equipment is provided over the estimated useful lives of the respective assets on a straight-line basis.

Advertising costs:

The Corporation expenses advertising costs as incurred. Total advertising costs were approximately \$127,000 and \$81,000 in 2014 and 2013, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2014

Note 1. Summary of Significant Accounting Policies (Continued)

Contributed services:

A substantial number of unpaid volunteers have made significant contributions of their time to the Corporation as docents, laboratory assistants, and administrative assistants. The value of such services has not been determined and is not included in these financial statements.

Allocation of expenses:

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statements of activity. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income taxes:

The Corporation is exempt from income taxes under Section 501(c)(3) of the *Internal Revenue Code*, and is not a private foundation under Section 509(a)(2). The Corporation is subject to income taxes on profits generated from the rental of debt-financed real property. The Corporation has net operating loss carryforwards totaling approximately \$208,000, with expirations ranging from 2023 to 2033. A 100% valuation allowance has been recorded against this deferred tax asset because it is uncertain that the loss carryforward represents a future tax benefit. Poplar Forest Swim and Tennis Club, Inc. was subject to federal and state income taxes during the years of operation. The Corporation's income tax and information returns for 2011 and forward are subject to examination by the Internal Revenue Service.

Fair value measurements:

Certain financial assets and liabilities are measured and reported on a fair value basis. Generally accepted accounting principles define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The principles establish a fair value hierarchy that prioritizes each input to the valuation method used to measure fair value into one of the following three broad levels:

- **Level 1** Quoted prices in active markets for identical assets or liabilities that the Corporation has the ability to access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are either for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- **Level 3** Unobservable inputs for the asset or liability where there is little, if any, market activity for the asset or liability at the measurement date.

<u>Deferred financing costs</u>:

Deferred financing costs are amortized using the straight-line method, which approximates the effective interest method, over the life of the respective financing arrangement.

Note 6. Line of Credit

The Corporation has a revolving bank line of credit which provides for short-term borrowings up to \$500,000 at an interest rate of Prime, subject to a minimum rate of 4.00%. This line, as well as the 2012 and 2013 notes payable, is subject to a credit agreement such that the debt is secured by the Corporation's properties, assignment of all rents of the Corporation's properties, and a negative pledge agreement. Covenants include a requirement that the Corporation hold marketable securities of at least \$1,200,000. The line is subject to review at July 28, 2015. Interest expense on the line totaled \$9,961 and \$11,502 in 2014 and 2013, respectively.

	\$ 157,593	\$ 157,593

Note 9. Endowment

The Corporation's endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of relevant law:

The Corporation holds institutional funds which are subject to the Uniform Prudent Management of Institutional Funds Act (UPMIFA). The Corporation's Board of Directors has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Corporation classifies as permanently restricted net assets a) the original value of gifts donated to the permanent endowment, b) the original value of subsequent gifts to the permanent endowment, and c) any accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Corporation in a manner consistent with the standard of prudence prescribed by UPMIFA.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2014

Note 9. Endowment (Continued)

Interpretation of relevant law: (Continued)

In accordance with UPMIFA, the Corporation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the endowment fund.
- 2. The purposes of the Corporation and the donor-restricted endowment fund.
- 3. General economic conditions.
- 4. The possible effect of inflation and deflation.
- 5. The expected total return from income and the appreciation of investments.
- 6. Other resources of the Corporation.
- 7. The investment policies of the Corporation.

Return objectives and risk parameters:

The Corporation has adopted investment and spending policies for the endowment fund that attempt to preserve and increase the real (inflation-adjusted) value of the fund and to provide a predictable and increasing distribution to carry out the purpose of the fund. Under these policies, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that outperform inflation by three percentage points each year. The Corporation expects its endowment funds, over time, to provide a total rate of return that exceeds the median of a generally accepted universe of similar funds

Strategies employed for achieving objectives:

To satisfy its long-term rate-of-return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Corporation targets a diversified asset allocation that places a greater emphasis on equity-based instruments to achieve its long-term return objectives within prudent risk constraints.

Spending policy:

The Corporation has a policy of appropriating annual distributions from the endowment fund equal to 4.50% of the average of the market value of the fund on June 30 in each of the three preceding years.
