Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global Smile Foundation, Inc. as of December 31, 2013, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 9 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to the Financial Statements

December 31, 2013

NOTE 1 - Nature of Activities:

Global Smile Foundation, Inc. "The Organization" (a non-profit organization) was incorporated under the laws of the Commonwealth of Massachusetts and commenced operating on October 1, 2008. The Organization's goal is to alleviate the suffering of underserved patients born with facial congenital deformities with special emphasis on cleft lips and palates with a focus on the urgent need for implementing comprehensive care coupled with educational and preventive programs. During 2013, the Organization conducted 6 missions in Lebanon, Guatemala, Ecuador, Burkina, Salvador and Peru.

NOTE 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. A description of the three net asset categories follows:

Unrestricted - Net assets that are not subject to donor-imposed restrictions. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees.

Temporarily Restricted - Net assets whose use by the Organization is subject to donor-imposed restrictions that can be fulfilled by actions of the Organization pursuant to those restrictions or that expire by the passage of time.

Permanently Restricted - Net assets subject to donor imposed restrictions that they be maintained permanently by the Organization.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Concentration of Credit Risk

The Organization occasionally maintains deposits in excess of federally insured limits. The risk is managed by maintaining all deposits in high quality financial institutions insured by the Federal Deposit Insurance Corporation up to \$250,000. At December 31, 2012, the Organization's uninsured cash balances total \$196,000.

Cash and Cash Equivalents

The Organization considers cash and cash equivalents to be cash on hand, cash in operating bank accounts, and brokerage accounts. For purposes of the Statement of Cash Flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

NOTE 2 - Summary of Significant Accounting Policies (continued):

Property and Equipment

Property and equipment, having a cost in excess of \$1,000 and having an estimated useful life of at least three years, are capitalized at cost. Donations of property and equipment are recorded as support revenue at their estimated fair value. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. The cost of maintenance and repairs is charged to expenses as incurred. Depreciation for the year ended December 31, 2013 was \$3,850.

Income Taxes

The Organization is a tax-exempt organization under the Internal Revenue Code 501(c)(3) and as such has no federal income tax liability. This status was granted by the Internal Revenue Service District Director in October of 2008. The Foundation believes that there are no uncertain tax positions that would require disclosures in these financial statements. The Organization's federal and state informational returns for the year ended December 31, 2011 through 2013 are subject to examination by the respective authorities.

Contributions

The Organization is required to record contributions received as unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence or nature of any donor restrictions.

The Organization is required to recognize donated services, materials, etc. that create or enhance non-financial assets like property and equipment and is also required to recognize donated services that require specialized skills, provided by individuals possessing those skills, that would typically need to be purchased if not provided by donation (see Note 5).

NOTE 3 – Temporarily Restricted Net Assets:

During 2013, the organization received \$42,000 in cash contributions for missions to be conducted in 2014.

NOTE 4 - Prepaid Mission Expenses:

At December 31, 2013, the Organization had paid airfare and mission expenses of \$15,195, which relate to mission trips in 2014.

NOTE 5 - In-Kind Contributions:

To provide additional further support for its medical activities, the Organization solicits and receives donations of supplies, equipment, and volunteer support. During the year ended December 31, 2013, the Organization received donations such as equipment, supplies, lodging, and airfare with combined values of \$24,345. During the year ended December 31, 2013, the Organization was provided with medical services including the services of skilled surgical volunteer labor, valued at \$7,200,000.

NOTE 6 - Concentrations:

The Organization receives a large portion of its total support and revenue from a small number of individuals and organizations. During the year, the largest contribution was an individual donation in the amount of \$50,000, which is approximately 12% of the Organization's total revenue (excluding in-kind donations). The Organization is also dependent upon the contribution of services from highly skilled medical doctors, dentists, and nurses (see Note 5).
