Independent Auditor's Report

To the Board of Directors
Public Television 19, Inc.
Kansas City, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Public Television 19, Inc. (the Station) which comprise the statements of financial position as of June 30, 2015 and 2014, the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Public Television 19, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

Note 1. Nature of the Station and Summary of Significant Accounting Policies

Description of station: Public Television 19, Inc. (the Station) is a nonprofit corporation which operates a noncommercial public television station (KCPT) and a AAA Public Radio Station (KTBG) in Kansas City that serves numerous cities and towns in Missouri and Kansas. The Station is organized under the General Not for Profit Laws of the State of Missouri.

A summary of significant accounting policies are as follows:

Basis of presentation: The financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) in its Statement *FASB ASC 958*, Financial Statements of Not-for-Profit Organizations. Under *FASB ASC 958*, the Station is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Accordingly, net assets of the Station and changes therein are classified and reported as follows:

Unrestricted Net Assets: Net assets that are not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets: Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Station and/or the passage of time.

Permanently Restricted Net Assets: Net assets subject to donor-imposed stipulations that expire neither by the passage of time nor by actions of the Station.

Restricted and unrestricted revenue and support: Contributions received, including unconditional promises, are recognized as revenues when the donor's commitment is received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. Donor-restricted support whose restrictions are satisfied in the same reporting period in which the contributions are received is classified as unrestricted contributions.

The Station reports gifts of land, buildings and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions specifying how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Station reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Grant revenue: Grant revenues are recognized when program expenses are incurred in accordance with program guidelines.

Program underwriting, production underwriting and services and educational contract services: Revenues generated from these sources are recognized as revenue when the applicable services are provided.

Rental income: The Station recognizes rental revenue when earned in accordance with the rental agreements.

Memberships: Memberships are recognized as revenue over the period of membership.

Notes to Financial Statements

Note 1. Nature of the Station and Significant Accounting Policies (Continued)

In-kind contributions: In-kind contributions are recorded as contributions revenue and in-kind services expense in the accompanying financial statements. In-kind contributions consist of donated broadcasting by commercial stations, services provided in exchange for underwriting services, and services that require specialized skills that are provided by individuals possessing those skills and would typically be purchased if not provided by donation. These donations are recorded at fair value.

Accounts receivable: Accounts receivable are carried at original invoice less an estimate for doubtful accounts based on a review of all outstanding amounts on a quarterly basis. Management determines the allowance for doubtful accounts by regularly evaluating individual customer receivables and considering a customer's financial condition and credit history. Receivables are written off when deemed uncollectible. A receivable is considered to be past due if the balance is outstanding after 30 days. Interest is not charged on past due accounts.

Donated personal services of volunteers: Due to the nature of donated services, no amounts have been reflected in the financial statements for such services, since the services do not require specialized skills. The estimated fair value of donated personal services of volunteers incurred in connection with the annual auction and pledge drives, based upon standard valuation rates and job classifications developed by the Corporation for Public Broadcasting, was \$28,388 and \$52,057 for the years ended June 30, 2015 and 2014, respectively.

Deferred revenue: Grants received for programs that will be aired principally in the next fiscal year are included as deferred revenue. As the programs are telecast, the deferred revenue will be included in revenue. The Station also receives various down payments on operating lease income. The Station amortizes the payments over the life of the lease.

Deferred lease asset: The Station has an operating lease with annual rent increases. The Station recognizes rent revenue ratably over the term of the lease, with rent revenue based on the total payments received under the lease agreement recognized on a straight-line basis over the lease term. The deferred lease asset represents rent revenue in excess of cash payments received to date.

Property and equipment: Property and equipment are recorded at cost or, if donated, at the approximate fair value at date of donation. Major renewals and betterments are capitalized and maintenance and repairs which do not improve or extend the life of the respective assets are charged against net assets in the current period. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets, which range from three to forty years.

The Station periodically reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Income tax status: The Station is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code; however, the Station is subject to income taxes on any net income from unrelated business activities. Uncertain tax positions, if any, are recorded in accordance with FASB ASC 740, Income Taxes (previously FIN 48). FASB ASC 740 requires the recognition of a liability for tax positions taken that do not meet the more-likely-than not standard that the position will be sustained upon examination by the taxing authorities. There is no liability for uncertain tax positions recorded as of June 30, 2015 and 2014.

Forms 990 filed by the Station are subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of each return. Forms 990 filed by the Station are no longer subject to examination for the years 2011 and prior.

Public Television 19, Inc.

Notes to Financial Statements

Note 1. Nature of the Station and Significant Accounting Policies (Continued)

Investments: The Station has invested in pooled funds and Municipal bonds held at the Greater Kansas City Community Foundation (the Foundation) which are recorded at fair value. A portion of this balance represents money market funds, which are reported at cost which approximates fair value.

Cash and cash equivalents: The Station considers investments purchased with an original maturity of three months or less to be cash equivalents. The Station occasionally holds cash deposits with banks in excess of federally insured limits. Management believes the Station is not exposed to any significant credit risk.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses, including functional allocations, during the reporting period. Actual results could differ from those estimates.

Functional expense allocations: Certain expenses, such as depreciation, interest, building services and personnel, are allocated among program and supporting services based primarily on direct payroll charges, equipment usage or space occupied and on estimates made by Station's management.

Fundraising: The Station participates in various fundraising activities such as direct mail campaigns, membership development and special events. The expenses related to these fundraising activities are recorded in fundraising and subscriber development in the statement of activities and aggregated \$2,088,914 and \$2,269,243 for the years ended June 30, 2015 and 2014, respectively.

Advertising: The Station expenses advertising costs as incurred. Advertising expense was \$20,495 and \$70,020 for fiscal years ending June 30, 2015 and 2014, respectively.

Reclassifications: Certain items for the year ended June 30, 2014 have been reclassified, with no effect on changes in net assets, to be consistent with the classifications adopted for the year ended June 30, 2015.

Note 2. Assets Held at the Greater Kansas City Community Foundation

The Board of Directors authorized two special trust funds established at The Greater Kansas City Community Foundation (the Foundation), an unrelated party. These trust funds were established for the benefit of the Station in the future with no variance power being granted to the Foundation. The assets held at the Foundation are directed by the Public Television 19, Inc.'s Board of Directors. Included in assets as "investments" are \$3,520,329 and \$4,014,021 for 2015 and 2014, respectively. The Public Television 19, Inc. Fund invests only in the Foundation's pooled funds and is designated for general operations in the future and had balances of \$1,965,725 and \$1,784,178 at June 30, 2015 and 2014, respectively. The Hale Center for Journalism Fund invests in the Foundation's pooled funds, as well as Municipal bond investments. The Fund is designated for the Hale Center for Journalism and had balances of \$1,554,604 and \$2,229,843 at June 30, 2015 and 2014, respectively. Balances held at the Greater Kansas City Community Foundation as of June 30, 2015 and 2014 were as follows:

Note 3. Property and Equipment (Continued)

In accordance with the provisions of Public Telecommunications Facilities Program grant awards, the United States Department of Commerce holds a 10-year security interest in certain transmitter and broadcast equipment owned by the Station expiring in 2018. The Corporation for Public Broadcasting maintains a 10-year reversionary interest in assets acquired with funds awarded in conjunction with the Digital Distribution Fund.

Note 4. Pledged Assets, Lines of Credit and Long-Term Debt

The Station has a \$500,000 line of credit agreement with a private foundation secured by property and other assets. Interest is due monthly at a variable rate equal to the Prime rate plus 3.00 percent (6.25 percent as of June 30, 2015), with all principal due on December 16, 2018. At June 30, 2015, \$200,000 was outstanding on this line of credit.

Long-term debt consists of the following at June 30, 2015 and 2014:

	2015	2014
Radio loan due December 16, 2018; interest at 6.25%; secured by all assets; payable in quarterly interest only payments through September 30, 2015; thereafter quarterly principal payments of \$32,000 due quarterly with interest.	<u>\$ 1,915,941</u>	<u>\$ 1,915,941</u>

Aggregate maturities of long-term debt outstanding at June 30, 2015, are as follows:

Hale Journalism Center	1,388,542	2,106,420
	<u>\$ 1,388,542</u>	<u>\$ 2,119,592</u>

The Station reports Board designated unrestricted net assets for the balance of the investments owned by the Greater Kansas City Community Foundation as these investments are directed by the Board. The Board designated net asset balance as of June 30, 2015 and 2014 was \$3,520,329 and \$4,037,521, respectively. This includes as of June 30, 2015 and 2014 amounts of \$-0- and \$23,500, respectively, which are not yet held in the trust funds, but the Board has determined will be deposited into the trust funds.

Note 7. Net Assets Released from Restrictions

Net assets were released from restriction for the years June 30, 2015 and 2014, for the following purpose:

	2015	2014
Radio station acquisition made from donor designated funds	\$ -	\$ 200,000
Donor restricted capital acquisition	13,172	71,005
Hale Journalism Center	717,878	-
	<u>\$ 731,050</u>	<u>\$ 271,005</u>

Note 8. Retirement Plan

The Station maintains a defined contribution retirement plan for all its employees. The plan provisions call for the Station to make discretionary contributions to the plan equal to each employee's contributions, up to a stated maximum of 5 percent. Station contributions to the plan are made on a bi-weekly basis. Total contributions for the years ended June 30, 2015 and 2014, were \$141,069 and \$131,530, respectively.

Note 9. Significant Concentrations

A substantial portion of the Station's programming is made possible through an agreement with the Public Broadcasting Service (PBS). Programs obtained from PBS constituted approximately 36 percent and 44 percent of the Station's airtime during the years ended June 30, 2015 and 2014, respectively.

Note 10. Fair Value Measurements

The Station has adopted the provisions of *FASB ASC 820*, Fair Value Measurements, for assets and liabilities measured and reported at fair value. SFAS defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

Note 10. Fair Value Measurements (Continued)

FASB ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. *FASB ASC 820* requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, *FASB ASC 820* establishes fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. Level 2 investments include pooled investments that do not have any significant redemption restrictions that would cause liquidation and report date values to be significantly different, if redemption were requested at report date.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following table summarizes the assets measured at fair value on a recurring basis, segregated by the general classification of such instruments pursuant to the valuation hierarchy:

Note 10. Fair Value Measurements (Continued)

Assets recorded at fair value on a recurring basis: A description of the valuation methodologies used for assets on a recurring basis is set forth below.

Investments: The Station's investments are Municipal bonds, which consists of Level 2 investments. Level 2 investments would include U.S. Agency securities, obligations of states and municipalities.

Pooled funds at GKCCF: The Station's investments are an investment in the funds held by the Greater Kansas City Community Foundation (GKCCF). The Station invests in GKCCF's fixed income and equity mutual fund pools, which consist of all Level 1 investments; however, since the Station's investment is in GKCCF, not the individual investments, all of the Station's investment in GKCCF is classified as Level 2. GKCCF values their individual securities as follows: Where quoted prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities would include highly liquid government bonds and exchange traded equities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flow.

The Station does not have assets and liabilities recorded at fair market value on a nonrecurring basis.

The fair value estimates presented are based on pertinent information available to management at June 30, 2015 and 2014. Although management is not aware of any factors that would significantly affect the estimated fair value amounts, such amounts have been comprehensively revalued for purposes of the financial statements since that date, and, therefore, current estimates of fair value may differ significantly from the amounts presented herein.

Note 11. Subsequent Events

Management has evaluated and disclosed subsequent events up to and including September 10, 2015, which is the date the financial statements were available to be issued.

Notes to Supplementary Information

In addition to the basic financial statements, the Station presents a statement of activities for two departments of the Station. Brief explanations of the departments are as follows:

KTBG—This department is used to account for the operating activity of the radio station acquired and operated by the Station.

KCPT—This department is used to account for all other operations of the Station.
