We have reviewed the accompanying financial statements of Stand With Me Assistance Dog Team Training, Inc. (a non-profit organization) which are comprised of the statement of assets, liabilities and unrestricted net assets, and the related statement of activities and changes in net assets, and statements of cash flows for the year then ended and the related notes to the financial statements. A review consists primarily of applying analytical procedures to management's financial data and making inquiries of company management. Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.
