#### INDEPENDENT AUDITORS' REPORT

Board of Directors InterVarsity Christian Fellowship/USA Madison, Wisconsin

We have audited the accompanying combined statements of financial position of InterVarsity Christian Fellowship/USA as of June 30, 2010 and 2009, and the related combined statements of activities and cash flows for the years then ended. These combined financial statements are the responsibility of the organization's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

<u>In our opinion, the combined financial statements referred to above present fairly, in all material respects,</u> the combined financial position of InterVarsity Christian Fellowship/USA as of June 30, 2010 and 2009, and the changes in its combined net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Wheaton, Illinois October 21, 2010

Notes to Combined Financial Statements

June 30, 2010 and 2009

#### 1. NATURE OF ORGANIZATION:

In response to God's love, grace and truth, the purpose of InterVarsity Christian Fellowship/USA (InterVarsity) is to establish and advance at colleges and universities witnessing communities of students and faculty who follow Jesus as Savior and Lord, growing in love for God, God's Word, God's people of every ethnicity and culture and God's purposes in the world.

The combined financial statements include the accounts and transactions of the funds operating as InterVarsity Christian Fellowship/USA and InterVarsity Ministries. The funds of InterVarsity include general operating, general capital, specific purpose, conference, charitable funds, staff salary reserve fund and InterVarsity Press (the Press), which is a publisher of Christian books, pamphlets and other written materials. InterVarsity Ministries includes the camp fund. All significant interfund and intercompany balances and transactions have been eliminated. The majority of InterVarsity's revenues result from donations, product sales and conference fees.

InterVarsity is incorporated under the laws of the State of Illinois. It is classified by the Internal Revenue Service (IRS) as a tax-exempt publicly supported 501(c)(3) religious organization, which is not a private foundation under Section 509(a) of the Internal Revenue Code (IRC). Accordingly, it is exempt from federal and state income taxes and contributions are tax deductible within the limitations prescribed by the IRC.

# 2. SIGNIFICANT ACCOUNTING POLICIES:

The combined financial statements have been prepared on the accrual basis of accounting. The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual amounts could differ from these estimates. Certain amounts in the prior year combined financial statements have been reclassified to conform with the current year presentation. The significant accounting policies followed are described below.

#### CASH AND CASH EQUIVALENTS

Amounts classified as cash and cash equivalents in the combined statement of financial position include checking and savings accounts, money market funds, all highly liquid debt instruments purchased with original maturities of three months or less and all highly liquid donated securities pending sale. As donations of securities are received, it is InterVarsity's policy to liquidate the donated securities immediately. Therefore, for purposes of the combined statement of cash flows, receipt and sale of donated securities are treated as operating activities.

InterVarsity has cash and cash equivalents deposited in financial institutions in which the balances exceed the federal government agency (FDIC) insured limit. InterVarsity has not experienced any losses in such accounts and management believes it is not exposed to any significant credit risk.

Notes to Combined Financial Statements

June 30, 2010 and 2009

#### 2. SIGNIFICANT ACCOUNTING POLICIES, continued:

#### INVESTMENTS AND ASSETS HELD UNDER TRUST AND ANNUITY AGREEMENTS

InterVarsity invests, along with several other nonprofit organizations, in a captive insurance holding company, Lucent Insurance, Ltd. (Lucent). InterVarsity held a 9% and 7% ownership interest in the captive as of June 30, 2010 and 2009, respectively. InterVarsity's equity in Lucent was \$374,000 and \$193,000, respectively, for June 30, 2010 and 2009. InterVarsity is accounting for this investment using the equity method. Lucent reinsures claims relating to workers' compensation, general liability and property. Claim experience is identified to each participating entity, and subsequent premiums are modified based on an entity's claim experience.

Investments in marketable equity securities with readily determinable fair values and all investment in debt securities are stated at fair value. Realized and unrealized gains and losses are reflected in the combined statement of activities.

Investment securities are exposed to various risks including, but not limited to, interest rate and market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term.

#### **RECEIVABLES**

The majority of the receivables are related to book sales, donations and royalty advances. Receivables are stated net of any allowance for doubtful accounts and sales returns (\$127,000 for 2010 and 2009). Trade accounts receivable become past due when they exceed their contractual due dates, usually 30 to 90 days from the date of sale. The allowance for doubtful accounts receivable is maintained at a level that, in management's judgment, is adequate to absorb probable losses. The amount is based upon an analysis of overall trade receivables by management. Management's evaluation of the allowance for doubtful accounts includes, but is not limited to, the historical experience of payment patterns from the customer, financial condition of the customer, other known facts and circumstances and general economic conditions. This process is based on estimates, and ultimate loss may vary from current estimates. As changes in estimates occur, adjustments to the level of the allowance are recorded in the provision for doubtful accounts in the period in which they become known. At June 30, 2010 and 2009, trade accounts receivable past due 90 days or more totaled \$136,000 and \$104,000, respectively.

#### ROYALTY ADVANCES

The Press has entered into book publishing agreements with various artists and authors. The Press agrees to pay the artists and authors a nonrefundable advance against future royalties earned. Future royalties are based on a percentage of net sales as defined in the agreements. In the event that the future product sales do not earn back the royalty advance, the royalty is written off to cost of goods sold in the period the advance is determined uncollectible.

Notes to Combined Financial Statements

June 30, 2010 and 2009

# 2. SIGNIFICANT ACCOUNTING POLICIES, continued:

#### **BOOKS AND SUPPLIES INVENTORY**

Books and supplies inventory is stated at the lower of cost, determined principally by the first-in, first-out method, or market. Inventory consists of the following at June 30 (in thousands):

	2010			2009		
Books and merchandise	\$	2,735	\$	2,828		
Supplies		469		553		
		3,204		3,381		
Reserve for slow-moving inventory		(155)		(186)		
	\$	3,049	\$	3,195		

#### LAND, BUILDINGS, EQUIPMENT AND DEPRECIATION

Computer equipment over \$5,000 and other items over \$3,000 are capitalized at cost, or if the asset was contributed, at estimated fair market value at the date of the contribution. The values are determined from publications, appraisals and other sources that assist in establishing a market value. Depreciation is computed on the straight-line method over the estimated useful lives of the assets, as follows:

Buildings and improvements	31.5 years
Computer equipment	3 - 5 years
Other equipment	3 years
Furniture and fixtures	7 years

#### TRUST AND ANNUITY AGREEMENTS

InterVarsity has established a gift annuity plan whereby donors may contribute assets to the organization in exchange for the right to receive a fixed dollar annual return during their lifetimes. A portion of the transfer is considered to be a charitable contribution for income tax purposes. The difference between the assets received, recognized at fair value, and the liability for future payments, determined on an actuarial basis, is recognized as unrestricted support at the date of the gift, unless the gift portion is restricted. InterVarsity uses published mortality rate tables adopted by the IRS at an assumed rate of return of 3.5% to determine the present value of the actuarially determined liability. Assets related to annuity agreements are included in investments. The State of Wisconsin requires that InterVarsity maintain a cash reserve of the greater of \$100,000 or 10% of annuities payable as security for life annuities.

Notes to Combined Financial Statements

June 30, 2010 and 2009

#### 2. SIGNIFICANT ACCOUNTING POLICIES, continued:

#### TRUST AND ANNUITY AGREEMENTS, continued

As trustee, InterVarsity administers limited revocability trusts that provide a beneficial interest to InterVarsity at the grantor's death. The agreements are revocable, in whole or in part, upon the written request of the grantor, if there is an adverse change in the grantors' financial circumstances or a change in the identity of InterVarsity. As a result of these conditional rights, the principal amounts provided are recorded as liabilities. All income paid is reportable by the grantor for tax purposes. At the grantor's death, the remaining trust amount will be recorded as contribution income. Assets related to trust agreements are included in investments.

#### **DEFERRED REVENUE**

Income from the Urbana conference fees is deferred and recognized over the periods to which the fees relate.

#### **NET ASSETS**

The combined financial statements report amounts by class of net assets:

Unrestricted net assets are currently available for ministry purposes under the direction of the Board, those designated by the Board for a specific use and those resources invested in property and equipment.

Temporarily restricted net assets are those contributed with donor stipulations for specific operating purposes or programs, those with time restrictions, or those not currently available for use until commitments regarding their use have been fulfilled or lifetime beneficiary interests have ceased.

#### REVENUE AND EXPENSE RECOGNITION

InterVarsity reports amounts received for general ministry purposes and those received pursuant to appeals, grant awards or agreements to perform specific programs which are expended in the same fiscal year as received as unrestricted support. Current year amounts received for specific ministry programs that have not yet been expended at year-end are reported as temporarily restricted support. When such amounts are expended for the specific ministry program in future periods, they are reclassified to the unrestricted class and reported in the combined statement of activities as net assets released from restrictions. Donations received between July 1, 2010 and July 10, 2010, and between July 1, 2009 and July 11, 2009, that are designated by the donor to apply to the previous year, are recognized as revenue and as donations receivable at June 30. Donations that are unconditionally pledged are recorded as revenue and as donations receivable when the pledge is received. Estate gifts are recorded as donations receivable and revenue at the time InterVarsity has an established right to the gift and the proceeds are measurable.

Notes to Combined Financial Statements

June 30, 2010 and 2009

#### 2. SIGNIFICANT ACCOUNTING POLICIES, continued:

#### REVENUE AND EXPENSE RECOGNITION, continued

Sales revenue is recognized when goods are shipped or otherwise delivered to customers. Revenues and expenses from conferences and camp fees are deferred until the event occurs. All other revenues are recognized when earned and expenses when incurred in accordance with the accrual basis of accounting.

Urbana (tri-annual missions convention) donations received are recognized as donation revenue in the period in which they are received. Urbana registration revenue is deferred until the event occurs.

#### FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various program services and supporting activities of InterVarsity have been summarized on a functional basis in the combined statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited. The supporting activities are indispensable to the conduct of the program services and to InterVarsity's existence.

#### **ADVERTISING**

Advertising and promotion costs are expensed as they are incurred. Advertising and promotion expense was \$840,000 and \$631,000 for the years ended June 30, 2010 and 2009, respectively.

#### SHIPPING AND HANDLING COSTS

Total costs for shipping and handling were \$499,000 and \$619,000 for the years ended June 30, 2010 and 2009, respectively. Shipping and handling fees to customers of \$362,000 and \$467,000 for the years ended June 30, 2010 and 2009, respectively, were used to offset these costs and were netted against program postage and shipping expense.

#### RECLASSIFICATIONS

Certain amounts in the 2009 combined financial statements have been reclassified to conform to the 2010 presentation.

Notes to Combined Financial Statements

June 30, 2010 and 2009

# 2. SIGNIFICANT ACCOUNTING POLICIES, continued:

#### NEW ACCOUNTING PRONOUNCEMENTS

On July 1, 2009, InterVarsity adopted the new provisions of the Income Tax topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). These provisions clarify the accounting for uncertainty in tax positions and prescribe guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The tax benefit from an uncertain tax position is only recognized in the statements of financial position if the tax position is more likely than not to be sustained upon an examination, based on the technical merits of the position. Interest and penalties, if any, are included in expenses in the statements of activities. As of June 30, 2010, InterVarsity had no uncertain tax positions that qualify for recognition or disclosure in the combined financial statements.

# 3. INVESTMENTS:

Investments consist of the following at June 30 (in thousands):

	2010			2009
Fair market value:				
U.S. government and government agency obligations	\$	2,876	\$	11,455
Corporate obligations		6,843		4,116
Mutual funds		10,925		394
		20,644		15,965
Equity method:				
Investment in Lucent captive insurance holding company		374		193
	\$	21,018	\$	16,158

Investments include \$1,009,000 and \$1,093,000 related to liabilities under annuity agreements at June 30, 2010 and 2009, respectively.

Investment income consists of the following for the years ended June 30 (in thousands):

	2010		2009		
Fair market value:					
Interest and dividends on investments	\$	616	\$	663	
Interest on cash and cash equivalents		25		141	
Unrealized and realized gains/(losses) on investments		(86)		(71)	
		555		733	
Equity method:					
Unrealized and realized gains on investments		181			
	\$	736	\$	733	

Notes to Combined Financial Statements

June 30, 2010 and 2009

# 4. FAIR VALUE MEASUREMENTS:

InterVarsity adopted the provisions of the Fair Value Measurements and Disclosure Topic of the FASB ASC. These standards define fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined under the standards as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market between market participants on the measurements date.

FASB ASC defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statement of financial position measured at fair value on a recurring basis and the level within the ASC fair value hierarchy in which the fair value measurements fall at June 30, 2010:

		ements I	Jsing:			
			Quo	ted Prices	Sig	gnificant
			in	Active	(	Other
			Markets for Identical Assets (Level 1)		Ob	servable
					]	Inputs
	Fa	ir Value			(Level 2)	
Financial Assets:						
U.S. government and						
government agency obligations	\$	2,876	\$	2,876	\$	-
Corporate obligations		6,843		-		6,843
Mutual funds		10,925		10,925		-

Notes to Combined Financial Statements

June 30, 2010 and 2009

# 4. FAIR VALUE MEASUREMENTS, continued:

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statement of financial position measured at fair value on a recurring basis and the level within the ASC fair value hierarchy in which the fair value measurements fall at June 30, 2009:

	Fair Value Measurements Us					
			Quo	ted Prices	Sig	gnificant
			ir	n Active		Other
			Markets for Identical Assets (Level 1)		Ob	servable
					]	Inputs
	Fa	ir Value			(Level 2)	
Financial Assets:				<u> </u>		
U.S. government and						
government agency obligations	\$	11,455	\$	11,455	\$	-
Corporate obligations		4,116		-		4,116
Mutual funds		394		394		-

Following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying statement of financial position, as well as the general classification of such instruments pursuant to the valuation hierarchy.

### Level 1 Fair Value Measurements

The fair values of U.S. Government securities and mutual funds are based on quoted market prices when available.

#### Level 2 Fair Value Measurements

The fair value of corporate obligations for which quoted market prices are not available are valued based on yields currently available on comparable securities with similar credit ratings.

Notes to Combined Financial Statements

June 30, 2010 and 2009

#### 5. LAND, BUILDINGS AND EQUIPMENT, NET:

Land, buildings and equipment consist of the following at June 30 (in thousands):

	2010			2009
Buildings and improvements	\$	14,520	\$	14,277
Computer equipment		694		840
Other equipment		1,677		1,948
Furniture and fixtures		2,178		2,277
		19,069		19,342
Less accumulated depreciation and amortization		(11,660)		(11,533)
		7,409		7,809
Land		1,682		1,682
	\$	9,091	\$	9,491

#### 6. MEDICAL INSURANCE CLAIMS PAYABLE:

InterVarsity self insures the medical expenses of those employees under which InterVarsity is responsible for the first \$185,000 and \$175,000 as of December 31, 2010 and 2009, respectively, of covered medical expenses per employee per year. Claims of any individual in excess of this amount are covered by an excess loss insurance policy. There is also an individual lifetime maximum limit of \$2 million. The accrual is based on an estimate of outstanding claims at June 30; however, the actual liability is unknown and exposure to losses in excess of the accrued reserve may exist. Management believes the liability reflected in the combined statement of financial position is adequate to cover future losses. Claims expense and insurance costs under this program totaled \$5,493,000 and \$5,715,000 for the years ended June 30, 2010 and 2009, respectively.

### 7. DEFERRED COMPENSATION LIABILITY:

InterVarsity has a non-qualified supplemental pension and deferred compensation program. The deferred compensation is accrued during employment years and payments are subsequently charged against the liability. Upon retirement or termination of employment, there are various payment options available. Upon death, proceeds will be distributed in a lump sum. InterVarsity did not make a contribution in 2010 and 2009. Interest expense on deferred compensation liabilities was \$6,000, for the fiscal years ending June 30, 2010 and 2009. The deferred compensation liability totaled \$69,000 and \$88,000 for the years ended June 30, 2010 and 2009, respectively, and is included in accounts payable and accrued liabilities in the combined statement of financial position.

Notes to Combined Financial Statements

June 30, 2010 and 2009

#### 8. TRUST AND ANNUITY AGREEMENTS:

Trust and annuity agreements consist of the following at June 30 (in thousands):

	20	2	2009		
Gift annuity liability	\$	533	\$	539	
Revocable trusts and loan agreements		127		163	
Total	\$	660	\$	702	

#### 9. COMMITMENTS:

InterVarsity has available a \$2 million unsecured line of credit, which expires December 4, 2010. InterVarsity also has an unsecured standby letter of credit in the amount of \$72,000 which expires December 31, 2012. There was no outstanding indebtedness under these agreements as of June 30, 2010 and 2009.

#### 10. OPERATING LEASES:

InterVarsity leases various facilities under operating leases expiring at various times through 2020. Generally, the leases provide that InterVarsity pays taxes, insurance, maintenance and other costs associated with use of the facilities. In 2010 and 2009, InterVarsity incurred rent expense of \$312,000 and \$352,000, respectively, under these leases and others that operate on a month to month basis.

Future minimum lease payments under InterVarsity's non-cancelable operating leases are as follows (in thousands):

Years ending June 30,	
2011	\$ 147
2012	55
2013	1
2014	1
2015	 1
	\$ 205

#### 11. <u>RELATED PARTY TRANSACTIONS:</u>

During fiscal year 2008, the Press began co-printing a series of books with InterVarsity Press - United Kingdom (IVP-UK). IVP-UK's copies are printed and shipped from the United States then billed by the Press to IVP-UK. The receivable due to InterVarsity at June 30, 2010 and 2009, was \$20,000 and \$61,000, respectively. The total amount billed to IVP-UK during the year ended June 30, 2010 and 2009, was \$26,000 and \$89,000, respectively.

Notes to Combined Financial Statements

June 30, 2010 and 2009

# 12. <u>INCOME TAXES:</u>

InterVarsity has received a determination dated May 1985 from the Internal Revenue Service stating that it is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. InterVarsity is subject to unrelated business income tax on certain of its activities which are deemed to be unrelated to its exempt purpose; however, InterVarsity is currently not paying any unrelated business income tax due to federal and state operating loss carryforwards of \$89,000. The carryforwards expire as follows (in thousands):

	State net	
Expiration	operating loss	Expiration
date	available	date
June 30, 2019	\$ 2	June 30, 2014

Notes to Combined Financial Statements

June 30, 2010 and 2009

#### 15. URBANA MISSIONS CONVENTION:

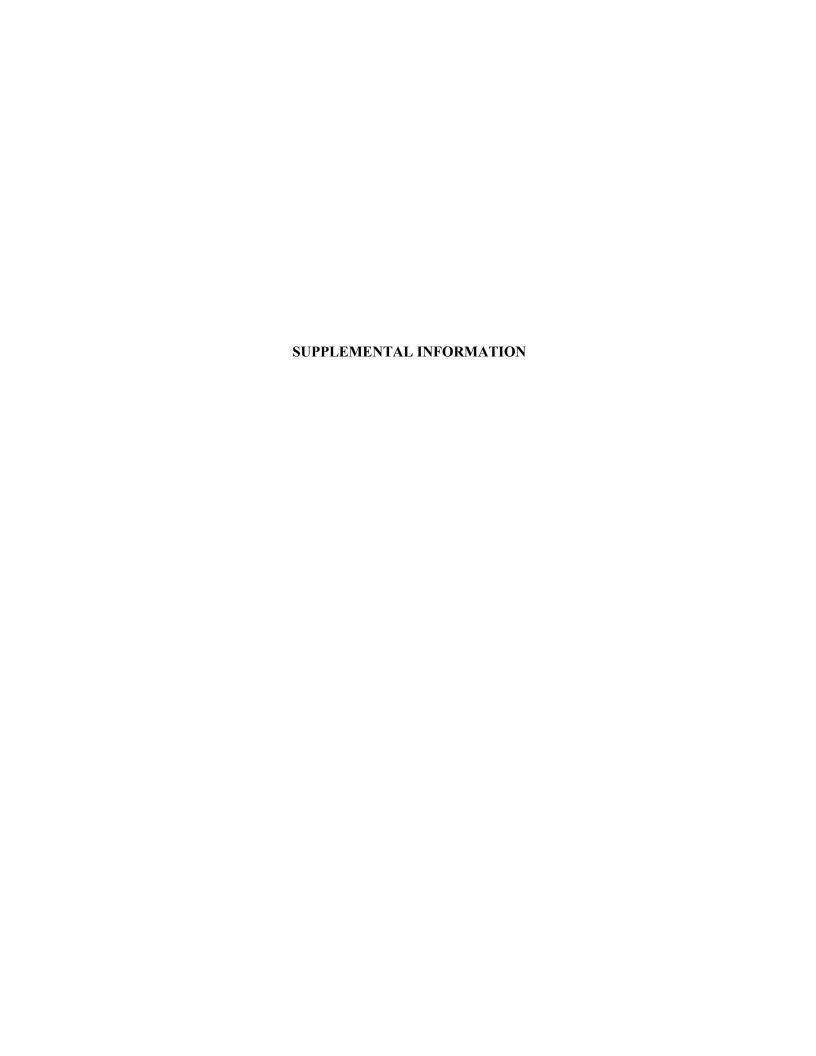

Revenue and expenses for the year ended June 30, 2010, increased from the prior fiscal year. One of the reasons for this change is that every three years, InterVarsity sponsors the Urbana Missions Convention which was held during the fiscal year ending June 30, 2010. Revenue and expenses for Urbana 2009 are received/incurred over the two years beginning July 1, 2008, and ending June 30, 2010. Revenue, expenses, and increase in net assets were \$7,252,000, \$5,567,000 and \$1,685,000, respectively, for the year ending June 30, 2010. The increase in net assets was offset by a decrease in net assets for the year ending June 30, 2009 of \$822,000 related to Urbana 2009 activity, bringing the total Urbana net assets to \$863,000. These assets will be expended in the year ended June 30, 2011 for Urbana 2012 expenses. See supplemental schedule for more information.

#### 16. RETIREMENT PLAN:

InterVarsity maintains a defined contribution retirement plan (the Plan), under Section 403(b) of the Code, for the benefit of all eligible employees as defined in the plan document. The Plan provides for InterVarsity to match 35% of the first 4% contributed by employee. In addition, InterVarsity makes a base contribution for each eligible employee based on years of service. For the years ended June 30, 2010 and 2009, retirement plan expense was approximately \$2,260,000 and \$2,419,000, respectively.

#### 17. SUBSEQUENT EVENTS:

Subsequent events have been evaluated through the report date, which represents the date the combined financial statements were available to be issued. Subsequent events after that date have not been evaluated.

# INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTAL INFORMATION

Board of Directors InterVarsity Christian Fellowship/USA Madison, Wisconsin

Our report on our audit of the combined financial statements of InterVarsity Christian Fellowship/USA as of June 30, 2010 and 2009, appears on page one. This audit was conducted for the purpose of forming an opinion on the combined financial statements taken as a whole. The information on the following page has been subjected to the auditing procedures applied in the audits of the combined financial statements and is presented for purposes of additional analysis of the combined financial statements rather than to present the financial position and changes in net assets of the individual ministry areas. Accordingly, we do not express an opinion on the financial position and changes in net assets of the individual ministry areas. However, in our opinion, the combining information is fairly stated in all material respects in relation to the combined financial statements taken as a whole.
