

Ensuring career and college access for all.

For more than 35 years, GRASP has inspired students to pursue futures they had not known were possible.

Free GRASP advisors in high schools across Virginia show students their opportunities, and help them navigate application processes to:

- » Attend a community college
- » Choose a military career
- » Complete the Free Application for Federal Student Aid (FAFSA)
- » Earn a professional certification
- » Graduate with a bachelor's degree
- » Obtain scholarships
- » Owe little to no debt

Adults with post-secondary education of any kind have higher incomes and employment rates than those with only a high school diploma.

Education creates a legacy of success.

Their Future

Virginia's Great Aspirations Scholarship Program (GRASP) helps students and their families reach their educational goals, regardless of their financial circumstances. GRASP has grown to serve more than 9,000 students each year, and helped them obtain more than \$1 million in scholarship funds.

Our Future

By 2023, we plan to inspire students in 100 high schools across Virginia – a 25 percent increase in service. We will also move into middle schools to begin empowering student opportunities sooner. We will expand our coverage into additional rural areas, where the need is as great as in our cities. And we will continue to train our dedicated advisors to find the financial pathway each student needs, whether it leads to a career as a welder, an event planner, or a CEO.
