## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Greenpeace Fund, Inc.  
Washington, DC

### Report on the Audit of the Financial Statements

#### *Opinion*

We have audited the accompanying financial statements of Greenpeace Fund, Inc., which comprise the statements of financial position as of December 31, 2024 and 2023, and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Greenpeace Fund, Inc. as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greenpeace Fund, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Substantial Doubt about the Organization's Ability to Continue as a Going Concern*

The accompanying financial statements have been prepared assuming that Greenpeace Fund, Inc. will continue as a going concern. As discussed in Note 12 of the financial statements, because of accruing a loss related to a legal matter, Greenpeace Fund, Inc.'s liabilities are significantly greater than its assets and management has stated that substantial doubt exists about Greenpeace Fund, Inc.'s ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding those matters also are described in Note 12. The financial statements include an adjustment that reflects the expected outcome of this uncertainty. Our opinion is not modified with respect to that matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpeace Fund, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greenpeace Fund, Inc. internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Board of Directors  
Greenpeace Fund, Inc.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpeace Fund, Inc. ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Supplemental Information***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules of program grants and pass-through grants are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# Greenpeace Fund, Inc.

Notes to Financial Statements  
December 31, 2024 and 2023

## 1. Nature of Operations

Greenpeace Fund, Inc. (the Organization) is a nonprofit corporation whose activities are directed primarily at protecting and preserving the environment. Activities are executed mainly through the consideration and funding of grants to other organizations. The Organization's primary sources of revenues are contributions from individuals and grants from organizational donors.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting and Presentation

The Organization's financial statements are prepared on the accrual basis of accounting and are in accordance with accounting principles generally accepted in the United States of America for nonprofit organizations. Net assets are reported based on the presence or absence of donor-imposed restrictions as follows:

- *Net assets without donor restrictions* represent funds that are not subject to donor-imposed stipulations and are available for support of the Organization's operations.
- *Net assets with donor restrictions* represent funds that are subject to donor-imposed restrictions that are met through specific actions of the Organization or through the passage of time. Net assets with donor restrictions include funds subject to donor-imposed stipulations that they be maintained in perpetuity by the Organization. The Organization did not have any net assets under donor-imposed stipulations that they be maintained in perpetuity at December 31, 2024 and 2023.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### Cash Equivalents

The Organization considers as cash equivalents demand deposits and all highly liquid investments, which can be converted into known amounts of cash and have a maturity period of 90 days or less at the time of purchase. However, cash and cash equivalents such as Money Market Funds, held in the Organization's investment portfolio are included as a component of investments.

## Greenpeace Fund, Inc.

Notes to Financial Statements  
December 31, 2024 and 2023

### 2. Summary of Significant Accounting Policies (Continued)

#### Investments

Investments are recorded at fair value. All unrealized gains and losses, realized gains and losses, and interest income, net of investment management fees are included in investment income in the accompanying statement of activities. Donated investments are recorded at their fair value on the date of receipt.

#### Grants Payable

Grant commitments are charged to operations at the time the grants are approved by board of directors. Grants that are payable and considered long-term are recorded at their net present value. At December 31, 2024 and 2023, all grants payable are current and expected to be paid within one year.

#### Gift Annuities

Annuity obligations arising from split-interest gifts are recognized as charity gift annuity liabilities. The excess of annuity gifts over the estimated annuities to be paid by the Organization over the beneficiary's lifetime is recognized as contribution revenue when received and is included in without donor restricted net assets in the accompanying financial statements. The initial liabilities resulting from these gifts are measured at fair value using the present value of the future payments to be made to beneficiaries, and subsequent actuarial revaluations of gift annuity obligations are being reported as change in split-interest agreements in the statements of activities. Investment earnings on assets held under charitable gift annuities are recorded as investment income.

#### Agency Transactions

The Organization acts as an agent for certain grants. The accompanying supplementary schedule presents pass-through grants received by the Organization that were designated to various third-party beneficiaries. The Organization does not have variance power over the funds and does not have a controlling financial interest in any of the beneficiaries. Accordingly, these funds are recorded as liabilities until disbursed. At December 31, 2024 and 2023, \$1,335,722 and \$502,363, respectively, were recorded as pass through liabilities within the statements of financial position.

## Greenpeace Fund, Inc.

Notes to Financial Statements  
December 31, 2024 and 2023

### 2. Summary of Significant Accounting Policies (Continued)

#### Revenue Recognition

Contributions, including unconditional promises to give, are recognized at fair value in the period received or pledged, whichever is earlier. All grants and contributions are considered to be available for without restriction use unless specifically restricted by the donor. The Organization reports grants and contributions as with donor restrictions support if they are received with donor or grantor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Contributions pledged through wills and estates are recorded as contributions at the time of notification from the estate at the anticipated amount to be received and are reported as additions to net assets with donor restrictions; however, they are reclassified to net assets without donor restrictions at the time of receipt. Such amounts are generally collected within one year and thus are not discounted to present value.

#### Functional Allocation of Expenses

The costs of the Organization's programs and other activities have been summarized on a functional basis in the accompanying statement of activities. The financial statements report certain categories of expenses that are attributable to one or more functions of the Organization. Those expenses include occupancy and maintenance costs, which are allocated based on personnel salaries. Salaries are allocated to functional areas based on estimated time spent on each activity.

#### Measure of Operations

The Organization presents an intermediate measure from nonoperating activities on the statement of activities. The Organization considers loss on cyber fraud and accrual of ET lawsuit verdict as nonoperating losses.

#### Reclassification

Certain items in the December 31, 2023 financial statements have been reclassified to conform to the December 31, 2024 financial statements presentation. There was no effect on change in net assets previously reported.

#### Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through September 25, 2025, the date the financial statements were available to be issued.

## Greenpeace Fund, Inc.

Notes to Financial Statements  
December 31, 2024 and 2023

### 3. Liquidity

The Organization has \$25,374,388 and \$31,524,156 of financial assets available within one year of the financial statement position date consisting of the following at December 31:

	<u>2024</u>	<u>2023</u>
Cash and cash equivalents	\$ 24,358,189	\$ 31,759,686
Short term investments	1,727,155	254,946
Contributions and grants receivable	3,124,748	2,500,574
Less: Time and purpose restrictions	(2,499,982)	(2,488,787)
Less: Agency transaction payable	<u>(1,335,722)</u>	<u>(502,263)</u>
Financial assets available within one year	<u>\$ 25,374,388</u>	<u>\$ 31,524,156</u>

The Organization has a goal to maintain financial assets, which consist of cash, investments, and short-term receivables, on hand to meet 90 days of normal operating expenses, which were, on average, approximately \$4,484,000 and \$3,296,000 for the years ended December 31, 2024 and 2023, respectively.

## Greenpeace Fund, Inc.

Notes to Financial Statements  
December 31, 2024 and 2023

### 4. Concentrations

#### Credit Risk

Financial instruments that potentially subject the Organization to significant concentrations of credit risk consist of cash and cash equivalents and investments. The Organization maintains cash deposit and transaction accounts, along with investments, with various financial institutions and these values, from time to time, exceed insurable limits under the Federal Depository Insurance Corporation (FDIC) and Securities Investor Protection Corporation (SIPC). The Organization has not experienced any credit losses on its cash and cash equivalents and investments to date as it relates to FDIC and SIPC insurance limits. Management periodically assesses the financial condition of these financial institutions and believes that the risk of any credit loss is minimal.

#### Market Risk

The Organization invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of financial position and activities.

### 5. Contributions and Grants Receivable

Contributions and grants receivable consist of the following at December 31:

	<u>2024</u>	<u>2023</u>
Estates and wills, net	\$ 1,112,269	\$ 551,964
Grants	<u>2,012,479</u>	<u>1,948,610</u>
Total contributions and grants receivable	<u>\$ 3,124,748</u>	<u>\$ 2,500,574</u>

## Greenpeace Fund, Inc.

Notes to Financial Statements  
December 31, 2024 and 2023

### 5. Contributions and Grants Receivable (Continued)

Contributions and grants receivable tabulated according to expected due date at December 31:

	<u>2024</u>	<u>2023</u>
Due in less than one year	\$ 2,421,398	\$ 2,050,674
Due in one to five years	<u>703,350</u>	<u>449,900</u>
Total contributions and grants receivable	<u>\$ 3,124,748</u>	<u>\$ 2,500,574</u>

These amounts are recorded at net realizable value. The Organization provides an allowance for losses using the allowance method, which is based on management's judgment considering historical and current economic information. Accounts are individually analyzed for collectability and will be reserved based on individual evaluation and specific circumstances. When all collection efforts have been exhausted, the accounts are written-off against the related allowance. At December 31, 2024 and 2023, amounts are deemed to be fully collectible. No discount has been calculated for 2024 or 2023 as most significant receivables are due within one year at December 31, 2024 and 2023.

In addition to the estimate of the allowance for losses, management periodically evaluates the values of the estates and wills receivables and adjusts accordingly. During the years ended December 31, 2024 and 2023, no amounts were written-down from the estates and wills balance and are included as a decrease to contributions in the accompanying statement of activities.

### 7. Fair Value Measurements

A fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value is established by accounting principles generally accepted in the United States of America. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described below:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

### 7. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

*Equities, mutual and exchange traded funds:* Valued at the last sales price, or if there is no sale and the market is still considered active, at the last transaction price before year-end.

*Corporate Bonds and Government Securities:* Valued using quoted market prices for similar assets and liabilities in active markets.

*Split-interest agreement liability:* Valued at the present value of future payments to beneficiaries, and the annual adjustment based on the latest actuarial information available.

The following table presents the Organization's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis (excluding managed money market funds not subject to fair value measurement) at December 31, 2024:

### 7. Fair Value Measurements (Continued)

The unobservable inputs used to determine the fair value of the charitable gift annuity split-interest liabilities were discount rates and actuarial assumptions calculated based upon the Internal Revenue Service life expectancy tables and the adjusted federal midterm rate at the time the charitable annuities were established. Due to the nature of these financial instruments and rates applied to discount them, changes in market conditions and economic environment can impact the fair value of these financial instruments.

#### Stichting Greenpeace Council

Greenpeace is a global environmental organization, consisting of Greenpeace International (Stichting Greenpeace Council –the Council) in Amsterdam and 28 independent national and regional offices across the world covering operations in more than 55 countries. These national/regional offices are independent in carrying out global campaign strategies within the local context they operate within, and in seeking the necessary financial support from donors to fund this work. Greenpeace International's main legal entity is "Stichting Greenpeace Council" (SGC). It is a Dutch Stichting -a foundation-type nonprofit entity-based in Amsterdam, the Netherlands. Although the Organization is a nonvoting member of the Council, all Greenpeace entities are influenced by decisions of the Council. However, the Organization has ultimate responsibility for and control over its own activities and decisions.

#### Greenpeace, Inc.

Greenpeace, Inc. recognized as a tax-exempt organization under Section 501(c)(4) of the Internal Revenue Code (IRC) and is exempt from income taxes except for taxes on unrelated business activities and provides management services to the Organization. Additionally, Greenpeace, Inc. and the Organization share certain management and general costs. All shared costs are charged to the appropriate entity based upon specific identification or are allocated based on time incurred. The Organization's share of such costs is then allocated to the various programs and support services included in the accompanying statement of activities. Total shared costs were \$598,593 and \$497,403 for 2024 and 2023, respectively.

#### Grants to Greenpeace Organizations and Shared Expenses with Greenpeace, Inc.

The Organization made grants to the Council for use in its worldwide activities. The Organization also provided grants to Greenpeace, Inc. to fund research and educational activities. The Organization also acts as an agent for pass-through grants in which the beneficiaries are other Greenpeace affiliates, as designated by the donors. Pass-through grants are recorded as liabilities until disbursed and are not included as a component of grant expense in the accompanying statement of activities.

Grants awarded to all related organizations were as follows for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Grants to Stichting Greenpeace Council	\$ 7,915,210	\$ 10,799,808

### **12. Going Concern Uncertainty**

Greenpeace Fund, Inc. is currently subject to a \$131 million jury verdict rendered in March, 2025 in North Dakota in connection with litigation brought by Energy Transfer, LP and related entities. The litigation between Energy Transfer and Greenpeace centers on the environmental protests against the Dakota Access Pipeline (DAPL) that took place in 2016 and 2017. The plaintiff's alleged that Greenpeace Fund, Inc. engaged in defamation, trespass, and civil conspiracy, which led to significant financial losses and project delays.

The Organization has filed motions challenging the verdict and intends to appeal the verdict should it become a judgement. However, as of the date of issuance of these financial statements, the outcome and timing of those motions and the appeal process remain uncertain.

The verdict represents a liability far in excess of Greenpeace's current financial resources. As of December 31, 2024, Greenpeace Fund, Inc. had cash and cash equivalents of \$24 million and total assets of \$42 million. Absent a reversal or substantial reduction of the verdict, the Organization does not have sufficient liquidity to satisfy the judgment or to continue its operations beyond the next twelve months.

As a result of these factors, management has concluded that there is substantial doubt about Greenpeace Fund, Inc.'s ability to continue as a going concern for a period of one year after the date that these financial statements are issued. The accompanying financial statements have been prepared assuming Greenpeace Fund, Inc. will continue as a going concern and include an adjustments that reflects the expected outcome of this uncertainty.

### **13. Cybersecurity Incident and Resulting Loss**

In December 2024, the Organization was the target of a sophisticated cyber theft that resulted in an unauthorized transfer of \$4.4 million from its corporate bank account. The attack involved highly sophisticated fraudulent communications to the Organization. Upon discovery, the Organization immediately launched an internal investigation and engaged external experts to assess the matter and mitigate further risk.

The Company has reported the incident to law enforcement and is cooperating with all relevant investigations. At the time of this report, recovery of the misappropriated funds is uncertain. Based on the information available and consultation with legal counsel, the Organization has recognized a loss of \$4,354,050 in the accompanying financial statements for the year ended December 31, 2024.

In response to the incident, the Company has enhanced its cybersecurity protocols, including conducting employee training on phishing and fraud, and reinforcing internal controls related to electronic fund transfers.

While the Company believes the immediate threat has been contained, cyber threats continue to evolve, and future incidents could occur. Management continues to assess risks and strengthen the Organization's defenses accordingly.
